

ADVENTURE PARK

2012

KONG presents the PPE KITS for users and operators, very appreciated for durability and reliability, successfully used since 2005 by thousands of users every year.

Main features:

The stresses that affect PPE KIT in an adventure park, where users are not experts, suggest not to use Klettersteig Set which do not take into account some very important factors for better management of this activity:

- high-cyclicity of the components
- reduction of dimensions for a better handling for children
- versatility of each component of the set

PPE KITS proposed in this catalog provide:

- substitution of single connectors without having to change the whole system
- connectors are not permanently attached to the lanyard
- longe are separated from the harness

Standards

All components are manufactured in accordance with specific industry regulations and, where required, are CE marked.

KIT PPE adult/instructors

helmet **MOUSE** # 997.16

Available in red, white, yellow and black.
Sizes: Universal size

EN 12492

harness **INDIANA** # 8C.066

Completely adjustable harness, with self-locking buckles; for adult and child from 12 years old. Sizes: Universal size

EN 12277

A simply hook to hold the pulley; easy to fix to the harness by a Velcro strip.

KIT PPE junior

helmet X LIFE HALF # 997.004

Available in red, white, blue and black.
Sizes: S - M - L - XL

EN 1385

harness INDIANA # 8C.066

Completely adjustable harness, with self-locking buckles.
Sizes: Universal size

EN 12277

gloves POP # 952.02

Five cutted fingers
Sizes: XS - S - M - L - XL - XXL

EN 388 - EN 420

fall arrester KKR # 811.SET.052

Energy absorber protected in a pocket.
2 alu alloy connectors express sleeve.

EN 958

OR

longe Y ARO ADV. # 276.V

Y longe with 2 ERGO WIRE
and FAST RUBBER.

EN 958

CONNECTORS

connector ERGO EX # 783.G1

Alu alloy connector, Key Lock system,
automatic express sleeve

♦ 29 kN ♦ 10 kN ♦ 60 g
 EN 12275/K - EN 362/B

connector FERRATA EX # 778.G1

Alu alloy connector, Key Lock system,
automatic express sleeve

♦ 30 kN ♦ 10 kN ♦ 90 g
 EN 12275/K - EN 362/B

connector ERGO WIRE # 907

Alu alloy connector, Key Lock system,
double gate sleeve

♦ 29 kN ♦ 10 kN ♦ 60 g
 EN 12275/K - EN 362/B

connector TANGO # 715

Alu alloy connector, Key Lock system,
double gate sleeve

♦ 33 kN ♦ 12 kN ♦ 123 g
 EN 12275/K - EN 362/B
