Nalgene.1	Wonka Outdoor Products25

Scenic outdoor photography by Ted Parker, Eric Valk, Bruce Watts, Doug Harvey, Neil Rogers and Jon Jonkers courtesy of Omega Pacific.

When you see the Nalgene name, the quality is guaranteed. Leakproof, durable and dependable, every Nalgene manufactured product is subject to stringent quality assurance procedures.

Narrow Mouth Round Bottles (HDPE)

Sturdy, all purpose containers. The large sizes are great for beverages, cooking oils, etc. The smaller sizes are ideal for spices, sauces and seasonings.

Available in 1/4-oz., 1/2-oz., 1-oz., 2-oz., 4-oz., 8-oz., 16-oz. and 32-oz. sizes. Style 2002

Wide Mouth Rectangular (HDPE)

Squeeze more of these space-saving bottles into a backpack or cooler. Ideal for powders such as drink mixes, powdered eggs and pancake mixes. The wide mouth allows for easy filling and pouring of contents.

Available in 4-oz., 8-oz., 16-oz., 32-oz. and 64-oz. sizes. Style 2007

Narrow Mouth Loop Top (HDPE and Tritan)

One of Nalgene's most popular bottles. Great for liquids. The easy-to-open attached cap won't get lost. The loop on the cap allows the user to easily attach these bottles to a pack or belt.

Available in 16-oz. and 32-oz. sizes. Styles 2078 and 2079. Tritan 16-oz. bottles available in grey, slate blue and pink. Tritan 32-oz. bottles available in grey, slate blue and pink.

Wide Mouth Loop Top Bottles (HDPE and Tritan)

Indisputably the best-selling bottles in the Nalgene line. Permanent graduations make for easy measuring. Convenient wide mouth for easy filling. The loop top allows for easy attachment to packs. Fits onto most water filters.

HDPE available in 16-oz., 32-oz. and 48-oz. sizes in white, Style 2179; and 32-oz. size in red, orange and green, Style 2007 and 2179. Tritan available in 16-oz. size in grey, pink and slate blue; and 32-oz. size in grey, red, slate blue and spring green, Style 2178

Wide Mouth Round or Square (HDPE)

These leak-proof bottles are convenient for almost anything from soups to milk. The smaller sizes are ideal for liquid soaps, tablets and shampoo.

Available in 1-oz., 2-oz., 4-oz., 8-oz., 16-oz., 32-oz., 1/2-gallon and 1-gallon sizes. Styles 2104, 2114, 2120 and 2123

Straight Sided Jars (Polypropylene and PC)

Attractive canister-style jars for a cabin or campsite. Great for cereal, crackers, pasta, etc. The 1-oz. size is perfect for lotions and ointments. The 16-oz. and 32-oz. sizes are not recommended for liquid storage on the trail.

Available in 1-oz., 2-oz., 4-oz., 8-oz., 16-oz. and 32-oz. sizes. Style 2118. Polycarbonate Jars available in clear, blue or green. Style 2116

Mini-Grips

With a wide mouth and indented profile, this smaller bottle (12-oz. capacity) is more comfortable to hold in the hand.

Available in HDPE Style 2179-0012

Grip-n-Gulp Kid's Bottle (Tritan and UVPE)

Features include easy-grip side indents and a rubberized lid with smooth plastic mouthpiece. 63-mm wide opening.

Available in blue, green, pink, purple and slime green UVPE. Replacement valves are available (pkg of 2). Style 2182

Flexible Drop Dispensers

Handy dispensers for adding spices, rinsing lenses or priming stoves. The attached cap is easy to open and won't get lost.

Available in 1/2-oz., 1-oz. and 2-oz. sizes. Style 2411

Flask

Slim polyethylene flask with graduations holds up to 354-mL of liquid. Flask fits snugly into durable polycarbonate sleeve, offering additional insulation and protection. The removable shot cap snaps on/off of closure cap for handy shot measuring.

Available in red or blue. Style 2181

Cantenes

Wide mouth Cantenes allow for easy use and storage of critical provisions. Made with multi-layer film, the Cantenes are collapsible and flexible. All Nalgene Cantenes are dishwasher-safe (top rack only) and can withstand temperatures from -29° C to 104° C. Guaranteed leak-proof ultra flexible containers with gusseted bottoms.

Available in 32-oz., 48-oz. and 96-oz. sizes. Styles 2575 and 2595

On the Go (Tritan)

The 24-oz. OTG is perfect for anywhere you go. It's the ultimate in mobile hydration. The OTG is a Tritan bottle that will fit in your bike cage, most car cup holders, and will even fit into cup holders on most exercise machines. You can flip the top open with one hand for easy drinking, on the go.

Available in slate blue, red or green. Style 2590

Replacement Caps

Replacement caps are available for most sizes of Nalgene bottles.

Easy Sipper

Most people love the convenience of the wide mouth bottle when it comes to filling and cleaning but sometimes find it hard to drink from. The Easy Sipper solves that problem. It fits snugly into the neck of the bottle and your beverage flows out in a nice controlled stream. It's easy to pop the Easy Sipper out to clean or fill your bottle.

Available in white, red, blue, black, yellow and pink. Style 2575

ATB Bottles (LDPE)

The ATB bottle has a hinged polycarbonate mud cap to keep the drinking spout clean. A wide neck opening allows easy filling with liquids or ice cubes. Fits standard bicycle cages.

Available in natural (clear), pink, blue and yellow in a 22-oz. size. Style 2590

ATB2 (LDPE)

The same features as the ATB bottle but with a 32-oz. capacity.

Available in natural colour. Style 2591

Mini-ATB 12-oz. (LDPE)

An ATB that is great for all ages. The dimples and small profile make for easy handling. Available in LDPE with a "Jake the Adventure Dog" logo or with a standard Nalgene logo.

Styles 2592-0012, 2593-0012

Backpacker Stainless Steel Bottle

32-oz. surgical grade stainless steel, single wall, 63-mm wide mouth. It is 100% recyclable, leach free and with no interior coating to interfere with the taste. Not for use with hot liquids

Style 1778-1001

Cleaning Tablets

These hydration system and bottle cleaning tablets have an effervescent formula to clean and freshen your Nalgene outdoor products. Regular cleaning retards bacterial growth, stains and odours. Twelve tablets per pack.

Style 2353-0011

Hydration Bladders

Manufactured with pharmaceutical grade CXC film, which means zero residual taste or smell. A one-piece seamless tubular design means less chance of leakage or tearing. Features a quick connect hose assembly for easy-on, easy-off when swapping out components or filling bladder. PE kink-resistant tubing with the antimicrobial formula, Aquaguard™. An articulated Bite Me™ valve with magnetic clip is included. The 63-mm BigBore™ Cap has the same threads as Nalgene 32-oz. wide mouth bottles.

Available in 2-L and 3-L sizes. Style 2351

Custom Label Nalgene Bottles

Add your store or town name to a Nalgene bottle.

Styles 2078, 2079, 2178, 2179, 2590 and 2591

Travel Kits

Conveniently store your essentials in these assorted bottles and jars. Different coloured caps allow for easy identification of the contents.

Available in small and medium sizes. Travel Kit styles 9940 and 9941. Replacement Caps style 2570-0001

Multi Purpose Vial Kit

Assorted sizes of compact, break-resistant containers. Perfect for reliable storage of small essentials such as pills, matches etc. Not recommended for liquids.

Style 9942-0001

QC Bite Valve Conversion Kit

Converts older bite valves to an articulated valve with on/off switch and magnet to hold it in place and quick connect fitting.

Style 2353-0016

Bullet Bite Me Valve

Leak proof, easy to disassemble and clean.

Style 2353-0013

Bite Valve with Magnet and Clip

Articulated valve features new on/off switch and magnet to hold it in place.

Style 2353-0014

QC Bite Valve with Magnet and Clip

Articulated valve features new on/off switch and magnet to hold it in place and quick connect fitting.

Style 2353-0015

Bottle Carriers

Sturdy bottle holders to keep your Nalgene bottle handy.

- A.** Multi Size Bottle Carrier with shoulder strap
- B.** 32-oz. Bottle Carrier with daisy chain and shoulder strap
- C.** 32-oz. Bottle Carrier with big pocket and shoulder strap
- D.** 32-oz. Bottle Carrier with secret pocket and shoulder strap
- E.** 32-oz. Bottle Carrier non-padded with velcro attachment
- F.** 16-oz. Bottle Carrier padded with velcro attachment
- G.** 32-oz. Bottle Carrier padded with velcro attachment and drawstring closure
- H.** 32-oz. Bottle Carrier insulated with velcro attachment

Style 2355

Auto Kit

The Auto Kit (in a slate blue 32-oz. wide mouth bottle) includes a distress flag, accident report form, rescue blanket, plastic bandages, antiseptic wipes, first aid/burn cream, sting relief wipes, motion sickness tablets, ibuprofen and antacid tablets.

Style 2006-0585

Emergency Preparedness/Survival Kit

The Emergency Preparedness/Survival Kit (in an amber ale 32-oz. wide mouth bottle) contains a light stick, surgical face mask, food bar, water pouch, whistle, rescue blanket, plastic bandages, antiseptic wipes and gauze pads.

Style 2006-0584

First Aid Kit

The First Aid Kit (in a ruby red 32-oz. wide mouth bottle) includes plastic bandages, fingertip bandages, first aid/burn cream, gauze pads, sting relief wipes, hand and antiseptic wipes, disposable cold pack, tape, gloves, scissors, tweezers and a first aid fact sheet.

Style 2006-0583

Kids Kit

The Kids Kit (in a sage green 32-oz. wide mouth bottle) includes fruit roll-ups, granola bars, wet naps and a water pouch.

Style 2006-0582

Heat Stress Kit

The Heat Stress Kit (in a sunny yellow 32-oz. wide mouth bottle) contains disposable cold packs, electrolyte tablets, disposable thermometers and water pouches.

Style 2006-0581

Dog Kit

The Dog Kit (in a moss green 32-oz. wide mouth bottle) contains dog food and a water pouch.

Style 2006-0580

Guyot Designs is the confluence of invention, design, passion and commitment. They are dedicated to introducing unique, useful, delightful and surprising products to the Outdoor Industry.

Original Splashguard

The Original Splashguard is a dishwasher safe plastic insert that fits flush with most 12-oz., 32-oz. and 48-oz. wide mouth Nalgene bottles. The opening size guarantees splash-free drinking.

Available in black and red.

Mini Splashguard

Designed to fit Nalgene's 16-oz. wide mouth bottle and the N-Gen bottle. Made with the same durable plastic as the original Splashguard, the Mini offers the same splash protection.

Available in blue.

Gription

The Gription is a lid replacement with a handle that fits most 32-oz. wide mouth bottles. It has a self-sealing valve that allows one-handed drinking while preventing spills.

Microbites

A fun 'micro' version of the popular utensil set. A 5-in-1 utility – spoon, fork, knife, spatula and spreader. This set can withstand up to 232 °C. Only 15.24 cm long!

Available in assorted colours. Weight 24 g

Universal Splashguard

The Universal fits most types of 32-oz. wide mouth bottles on the market. Made of soft, food grade silicone rubber, the Universal will not hold odours or tastes and can be sterilized in boiling water.

Available in peppermint pink, yellow smiley face, black, blue, alien grey, hibiscus, clean air translucent, snowflake and lime translucent.

Squishy Bowl and Cup Set

Collapsible space-saving silicone bowls and cups are made for easy packing. They pop right back into shape – ready for dinner or a quick snack. They are perfect for hot and cold foods. Made of flexible food grade silicone. Temperature resistant to 204° C.

Available in lime, slate, tomato, blue and orange. Bowl capacity 500 mL, weight 93 g. Cup capacity 200 mL, weight 48 g.

TapGuard

The new TapGuard fits perfectly in a standard 32-oz. wide mouth bottle and removes lead, chlorine and other nasties from the tap water. Each TapGuard ships with two carbon refills. Each refill filters 100 litres.

Capacity 100 litres.

The Utensils

Lightweight camp kitchen utensils manufactured with high temperature nylon polymer (230° C melting point). Functions as a spoon, fork, knife and spatula in two pieces. Safe on coated pot surfaces.

Available in assorted colours. Weight 40 g

guyotdesigns™

Firefly

Converts your wide mouth bottle into a camp lantern. Use in your campsite or on a table. Sterling rope cable ensures no stretching or breakage. Fits all wide mouth bottles. LED lights last a lifetime.

3 AAA batteries required. Available in black/orange.

Backpacker Bottle

32-oz. surgical grade stainless steel, single wall, 63-mm wide mouth. It is 100% recyclable, leach free and with no interior coating to interfere with the taste. Gription and Splashguard compatible. Not for use with hot liquids.

Weight 350 g

Commuter Bottle

This 18/10 surgical grade stainless steel water bottle has a 24-oz. capacity. The slimmer design ensures that it fits in most cup holders, yet it still maintains a 63-mm wide mouth lid (for use with splashguards, the Gription lid and most water filters). Not for use with hot liquids.

Weight 280 g

Shorty Bottle

This 24-oz. capacity Shorty has the same specifications as the Backpacker bottle. Not for use with hot liquids.

Weight 225 g

nuun Hydration Tablets

nuun is sugar-free, light tasting, hydration pack and bottle friendly. Perfect for all your adventures! Each lightweight tube holds 12 tablets.

Portable nuun hydration tablets

These handy tablets allow outdoor enthusiasts to easily and conveniently manage hydration whenever and wherever they need it. nuun is light and refreshing, sugar free and non sticky. Great in hydration packs or bottles. nuun is just electrolytes – it is not a source of sugar or carbs, which allows adventurers to independently manage energy needs with their favourite choice, be it bars, gels, bananas or brownies. nuun solves hydration so you can enjoy the day!

Each lightweight tube holds 12 tablets. Tubes come in five flavours (lemon+lime, orange ginger, citrus fruit, tri-berry and kona cola – cola has some caffeine).

Ultimate Survival Technologies is a manufacturer of proprietary survival, rescue, life support, and disaster preparedness equipment.

BlastMatch Fire Starter

Everyone who goes outside should have a fire starter. Why not carry the one packed by those most at risk of facing extreme conditions? The heart of the BlastMatch™ is a custom bar of high performance flint material. Spring loaded for compactness, the flint bar also rotates 360 degrees to help prevent uneven wear and tear. A tungsten carbide striker built into the striker button is set at the perfect angle for maximum sparking – taking the guess work out of starting a fire.

Weight 76.6 g / Length 10.2 cm closed

StrikeForce Fire Starter

The patented StrikeForce® is an exceptional all-weather fire starting system. The system combines in one compact, durable package a special alloy flint bar, hardened steel striker, and revolutionary WetFire tinder. Scraping the striker down the flint generates a spark three times as hot as a standard match to ignite easily any dry tinder material. Or, use the included WetFire tinder which burns at more than 1300 degrees. Non-toxic, odorless, and smokeless, the tinder actually burns longer when wet!

Weight 104.9 g / Length 12.7 cm

Ultimate Survival WetFire™ Tinder

The best fire-starting tinder material available anywhere in the world. It is individually packaged in a lightweight solid cube form that can't leak or foul up your other gear. The cubes burn without smoke and can be started even in high winds and nasty weather. In fact, the tinder burns while floating in water, and burns longer when wet.

Weight 5.67 g per cube

SaberCut™ Saw

A lightweight, strong, versatile and low-profile hand saw that is ideal for the survivor but easy to use by anyone. The SaberCut™ is designed to cut through the hardest wood and is so flexible that it will work well in tight or confined spaces. Fits on a belt or pack strap.

Weighs just 170 g including sheath.

StarFlash® Signal Mirror

An excellent daytime means of visual signaling. Even on over-cast days, this signal mirror can be used effectively to obtain rescue. StarFlash® technology enables you to aim the flash as far as the eye can see with pinpoint accuracy.

Deluxe Survival Kit

This kit includes a BlastMatch FireStarter, Wet Fire Tinder, Star Flash Signal Mirror, SabreCut Saw and a JetScream Emergency Whistle. All the tools come in a very sturdy hard plastic case with a sturdy seal. The kit also floats.

Weight 454 g

LASSO – Security Cables

The strongest and easiest anti-theft devices for kayaks. Vinyl-coated galvanized steel aircraft cable provides the best security.

Tandem/Sit-on-top and Touring Security Cable with Combo Lock

Made from vinyl-coated galvanized steel aircraft cable, these sturdy, user-friendly anti-theft devices feature a 4-digit combination lock and come in a cordura stuff sack.

Available for touring kayaks and tandem/sit-on-top/recreation kayaks.

Tandem/Sit-on-top and Touring Kong Cable with Combo and Key Lock

Almost twice the thickness of the original cable, the Kong offers dual key and 4-digit combination locks for extra security. The cord comes in a sturdy cordura stuff sack.

Available for touring kayaks and tandem/sit-on-top/recreation kayaks.

Using the best stainless steel, ingenious design and rigorous tolerances, the Leatherman Tool Company backs their products with a 25-year guarantee!

Squirt P4

A compact tool that contains needle-nose pliers, straight-edged knife, wire cutters, three screwdrivers, a file and an awl protected by anodized aluminum handles.

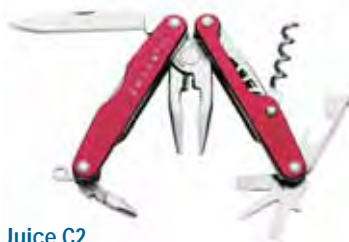

Weight 57 g / Length 5.5 cm closed

Squirt S4

This compact tool features scissors, straight-edged knife, three screwdrivers, a file and replaceable tweezers protected by anodized aluminum handles.

Weight 57 g / Length 5.5 cm closed

Juice C2

A handy little devil with red anodized aluminum handles. The C2 is well equipped with pliers, wire cutters, four screwdrivers, corkscrew and a can/bottle opener.

Weight 122 g / Length 8.25 cm closed

Juice S2

Comes with distinctive burnt-orange anodized handles. The S2 has many of the cool features of the C2 with the addition of specially serrated scissors.

Weight 125 g / Length 8.25 cm closed

Juice CS4

The CS4 has pliers, wire cutters and four screwdrivers, as well as a convenient saw and awl. Extremely useful serrated scissors are easily accessed, along with a handy corkscrew.

Weight 156 g / Length 8.25 cm closed

Micra

The stainless steel Micra has 10 useful tools including spring action scissors, a knife, screwdrivers, tweezers and a file.

Weight 50 g / Length 6.35 cm closed

Juice XE6

With a slightly thicker chassis than the CS4, the XE6 has purple anodized aluminum handles. Includes needle-nose pliers, a straight-edged knife, wire cutters, four screwdrivers, a lanyard attachment, a can/bottle opener, a corkscrew, scissors, a saw, an awl and a diamond-coated file.

Weight 190 g / Length 8.25 cm closed

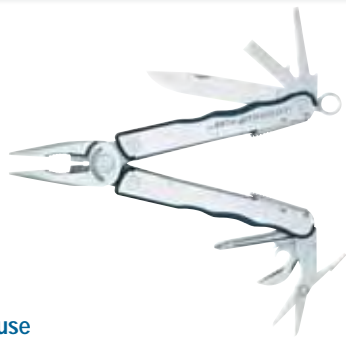

Blast

The Blast has Zytel contoured handle grips, needle-nose and regular pliers, wire and hard-wire cutters, clip-point knife, wood/metal file, saw, scissors, large, small and Phillips screwdrivers, small bit driver, Phillips and flat tip eyeglasses screwdriver bit, ruler, bottle/can opener, wire stripper, lanyard and sheath. Includes locking features.

Weight 215 g / Length 10 cm closed

Fuse

The Fuse has Zytel contoured handle grips, needle-nose and regular pliers, wire and hard-wire cutters, clip-point knife, scissors, large, small and Phillips screwdrivers, ruler, bottle/can opener, wire stripper and lanyard. Includes locking features and sheath.

Weight 187 g / Length 10 cm closed

Kick

The Kick has Zytel contoured handle grips, needle-nose and regular pliers, wire and hard-wire cutters, clip-point knife, large, small and Phillips screwdrivers, ruler, bottle/can opener, wire stripper and lanyard. Sheath included. No locking features.

Weight 162 g / Length 10 cm closed

Crunch

The Crunch is made for the most demanding consumer. It features locking pliers, locking interior blades which unlock at the push of a button, a 1/4-in. hex bit adaptor at the end of one handle, a wood/metal file, 4 screwdrivers and a bottle opener. All this in a tool that folds down to the same length as the original PST. A leather sheath is included.

Weight 170 g / Length 10 cm closed

Core

The Core has rounded handles, easy-to-unlock blades and a serrated edge knife. Other features include a clip-point knife, an awl punch, four screwdrivers, a file, needle-nose pliers, regular wire, stranded wire and hard wire cutters, electrical crimpers, a wire stripper, a can/bottle opener and a saw, complete with a leather sheath.

Weight 307 g / Length 11.5 cm closed

Charge AL

The Charge AL handles are hard-anodized aluminum alloy with rounded edges for grip comfort and a stainless steel badge. It includes needle nose pliers, wire stripper, bottle/can opener, saw, serrated knife, fixed lanyard ring, wire cutters, scissors, bit drivers, Phillips screwdrivers, Robertson bits, removable pocket clip, a quick-release lanyard ring, diamond-coated files and a 154CM clip-point knife.

Weight 238 g / Length 10.1 cm closed

Charge ALX

The Charge ALX has an aggressive cutting hook on the back of a serrated blade. It has an unbeatable ergonomic grip, outside-accessible blades and premium materials. It includes the same great features as the Charge AL except the scissors but also has a crimper.

Weight 235 g / Length 10.1 cm closed

Charge TTI

The Charge TTI has all the features of the AL and the ALX – cutting hook and scissors, outside-accessible blades, bit drivers, crimpers and more. The handles are comfort-sculpted titanium and the tool features a S30V stainless steel clip-point knife.

Weight 232 g / Length 10.1 cm closed

Wave

The Wave offers four locking blades, 50 percent stronger than the original. It has a new jaw design and pliers with 133% more squeezing load. The two knife blades feature one-hand opening access, plus two additional locking tools, seven more interior tool blades and the best handle comfort Leatherman has ever produced. Sheath included. A kit is available to expand your bit collection.

Weight 264 g / Length 10 cm closed

Surge

The first tool from Leatherman that has a blade exchanger. It also features outside access blades, a serrated edge knife, a clip-point knife, an awl punch, bit drivers and two bits, a file, needle-nose pliers, regular wire, stranded wire and hard wire cutters, electrical crimpers, a wire stripper, a can/bottle opener and a saw, complete with a leather sheath.

Weight 355 g / Length 11.5 cm closed

Skeletool

The key features of this multi-tool are its minimal weight, compact size and 420HC stainless steel blade. Specifications include: 6061-T6 aluminum handle scale, needle-nose pliers, regular pliers, wire cutters, hard-wire cutters, bit driver, carabiner/bottle opener, removable pocket clip. Included bits are the Phillips #1 and #2, and Screwdriver 3/16-in. and 1/4-in.

Weight 142 g / Length 10 cm

Skeletool CX

All the features of the regular Skeletool, but with a 154CM stainless steel blade, a tungsten DLC scratch-resistant coating and a carbon-fiber handle scale.

Weight 143 g / Length 10 cm

Bit Kit

Expand capabilities of the Wave, Surge and Charge series with the Bit Kit (for use with the bit drivers), offering 21 double-ended bits.

e300

e301

e300 (plain edge) and e301 (combo edge) knives feature a removable pocket clip, durable glass-reinforced nylon handles, 420 stainless steel blade, a carabiner/bottle opener and the Blade Launcher system that allows you to put the knife blade to work with a flick of the finger. The carabiner/bottle opener stays hidden until you need it, nesting with other components to save space. Simple thumb action is all that is needed to hang this carabiner to packs, ropes or belt loops.

Weight 86 g / Closed length 9.84 cm / Open length 17.02 cm

e302

e303

e302 (plain edge) and e303 (combo edge) knives feature a removable pocket clip, integrated Phillips and 1/4-in. flat screwdrivers. The handle is skeletonized glass-filled nylon.

Weight 111 g / Closed length 9.84 cm / Open length 17.02 cm

e306x

e307x

e306x (plain edge) and e307x (combo edge) feature the Blade Launcher, pocket clip, carabiner/bottle opener, a premium 154CM stainless steel blade, and a bit holder with 3 double-ended bits that offer you the versatility of 6 screwdrivers in the space of 2 – Phillips #1 and #2, 1/8-in., 3/16-in., 1/4-in. width flathead and #15 Torx plus a Robertson double-ended bit. The handle is machined aluminum with glass-filled nylon inserts and stainless steel bolsters. Nylon sheath included.

Weight 118 g / Closed length 9.84 cm / Open length 17.02 cm

h502

h503

The h502 (plain edge) and h503 (combo edge) is a lockback knife with a 420 HC stainless steel blade. Also features a carabiner/bottle opener and a can opener, as well as the 3 double-ended bits featured in the e306x. The handle is glass-reinforced nylon with rubber overmold. Nylon sheath included.

Weight 172.4 g / Closed length 11.43 cm / Open length 19.30 cm

Since the early '80s, Spyderco has been making knives specifically to meet the needs of outdoor, fire, rescue, EMT, paramedic and law enforcement professionals.

Meadowlark FRN

The Meadowlark FRN has slip-free texture deeply molded into the plastic so it won't slide or move around in the hand. Nested inside the handle are full-length steel liners adding rigidity and strength without unnecessary weight and phosphor bronze bushing for smooth open/close. Available with a PlainEdge or 50/50 SpyderEdge/ PlainEdge blade.

Weight 74 g / Open length 181 mm

Cara Cara FRN

The Cara Cara FRN has the same great features as the Meadowlark in a larger size. Its 8Cr13MoV stainless steel blade is hollow-ground with a comet shaped hole so the folder opens and closes easily. On top of the blade's spine is a series of crosshatching the knife industry calls jimping, used as a thumb grip. Available with a PlainEdge or 50/50 SpyderEdge/ PlainEdge blade.

Weight 104 g / Open length 222 mm

Dragonfly

Available with a SpyderEdge or PlainEdge blade, the Dragonfly is an ideal travel companion.

Weight 33 g / Open length 138 mm

Delica 4

A textured fibreglass-reinforced nylon handle improves handling and a clothing clip adds portability. Available in black with a SpyderEdge, 50/50 SpyderEdge/ PlainEdge, or PlainEdge blade.

Weight 71 g / Open length 181 mm

Delica 4 Stainless Steel

The best-selling Delica with a stainless steel handle! More weight adds a solid balanced feel. The hollow ground blade is honed to a razor-sharp edge and offers exceptional rust and stain resistance. Available with a PlainEdge, SpyderEdge or 50/50 SpyderEdge/ PlainEdge blade.

Weight 114 g / Open length 179 mm

Native

A lightweight, fibreglass-reinforced, nylon resin handle that incorporates a bi-directional pattern on both sides to prevent slipping. The Native has a stainless steel reversible pocket clip and a hollow ground blade. Available with a 65/35 SpyderEdge/ PlainEdge or PlainEdge blade.

Weight 75 g / Open length 178 mm

Endura 4

Designed for those requiring a larger blade, the Endura has a textured reinforced fibreglass handle. Available with a SpyderEdge, 50/50 SpyderEdge/PlainEdge or PlainEdge blade.

Weight 103 g / Open length 222 mm

Endura 4 Stainless Steel

The same great Endura design with a stainless steel handle. More weight adds a solid feel. Available with a SpyderEdge, PlainEdge or 50/50 SpyderEdge/PlainEdge blade.

Weight 161 g / Open length 222 mm

Ladybug

Tremendous cutting power for its size! The Ladybug has a SpyderEdge blade. Available in black.

Weight 18 g / Open length 111 mm

Rescue

Awesome cutting power for the rescue professional. The Rescue has a reversible metal pocket clip on a fibreglass-reinforced resin handle. The blade is patterned in a sheepfoot style for safety in rescue situations. Available in black.

Weight 75 g / Open length 209 mm

Police

The Police's large, yet ergonomic, stainless steel handle features a secure front lock and a clothing clip for accessibility. The blade is available with powerful SpyderEdge serrations or a PlainEdge blade.

Weight 159 g / Open length 240 mm

Atlantic Salt

Has a blade made out of a PH (precipitation hardened) steel that doesn't rust. This knife features a 93-mm serrated sheepfoot blade made of H1 steel. The blade has a notched thumb ramp and Spyderco hole for ambidextrous one-hand opening. The fibre reinforced nylon handle, 116 mm closed, has Volcano Grip texturing, a Boye Dent lockback and lanyard hole. A side to side reversible black stainless steel pocket clip is mounted at the butt end of the knife.

Available in yellow. Weight 75 g / Open length 209 mm

Remote Release II

Has a spring loaded shackle clip that fastens to a carabiner, belt loop or ring and releases by pulling back on the textured release pin. The model permits releasing and one-hand opening without having to rotate the knife in the hand. Kraton handle insets inhibit skidding in the hand. Lanyard hole for backup/secondary cord attachment.

Weight 71 g / Open length 198 mm

Tri-Angle Sharpener

Enables even the inexperienced to attain professional sharpening results with ease. The synthetic diamond stones measure 17.78 cm in length and are formed in a unique triangular shape to hone both serrated and plain edges. Includes a medium and a fine stone and a detailed instruction video. Replacement stones are available.

UCO's patented candle lanterns are known around the world for their excellent performance and value. UCO produces the highest quality products and backs them with a lifetime warranty.

Fleece Storage Sacks

These sacks weigh less than 28 g and protect your lanterns from damage.

Neoprene Cocoons

Made from impact-resistant Neoprene, the Cocoons are highly effective at preventing scratching and denting of candle lanterns.

Available for all sizes of lanterns.

Pac-Flat Reflector

Fits over the Original Candle Lantern to direct light downward. Separates into two pieces for easy transport.

Weight 28.35 g

Candlelier

The Candlelier has the warmth, ease of use, safety and convenience of the Original Candle Lantern with increased brightness. Three spring-loaded nine-hour candles make the Candlelier perfect for larger groups or for emergency use. The heat that can be generated in an enclosed area is remarkable.

Height 20 cm. Weight 544 g with three candles. Available in polished aluminum and assorted colours. Replacement chimneys are available.

9-hour replacement candles for the Original Candle Lantern and the Candlelier are available in handy packs of 3 or bulk boxes of 300 candles.

Citronella 9-hour candles are available in packs of 3.

Original Candle Lantern

The classic lantern utilizes a spring-loaded nine-hour candle to provide heat and light for the outdoors person. The lightweight aluminum frame holds the glass chimney securely in place.

Collapses to 11 cm. Weight 181 g in aluminum, including the candle. Available in polished aluminum and assorted coloured aluminum. Replacement chimneys are available.

Fuel Faucet

Fits standard fuel bottles and allows for easy, safe and clean transfer of fuel from bottle to stove.

Weight 14.18 g

Play & Freeze Ice Cream Maker

Make ice cream anywhere! You don't need electricity, just add ice and rock salt in one end and ice cream mix in the other end – then have a ball as you shake it, pass it or roll it! Try flavours from the recipe list included or make up your own. Made of durable polycarbonate, it is lightweight, portable and easy to clean.

Swiss Spice Salt & Pepper Humid Proof Shaker

This is the only salt and pepper shaker designed for the outdoors that is humid proof. Spices will always stay dry and clump-free. Made with indestructible material and will never open by accident. Weighs just 45 g when empty. Salt and pepper included.

UltraPods

Lightweight tripods ideal for situations where the weight and bulk of a traditional tripod is impractical. UltraPods can accommodate almost any camera and fold to fit in a pocket.

UltraPod 1

For use with compact cameras and SLRs with standard lenses.

Folds to 10.16 cm long. Weight 57 g

UltraPod 2

For use with SLRs with larger lenses, camcorders and spotting scopes.

Folds to 17.78 cm long. Weight 113.4 g

UltraClamp

Allows a camera to be solidly attached to round or flat objects up to 3.8 cm thick. Strong enough for any camera.

Folds to 14 cm long. Weight 171 g

Wrap Up Camera Case

Stretches to fit over a camera like a protective neoprene glove. Easily attaches to most cameras so it won't be lost.

Available in small or large.

River Runner

The River Runner has the same features as the River Shorty but has a sharp tip blade.

Weight 85 g / Length 17.14 cm

River Shorty

The best selling river knife on the market today! The Shorty has a blunt tip, partially serrated blade and a locking quick-release sheath that can be easily attached to a life jacket.

Weight 80 g / Length 17.14 cm

Whatever rugged use you can come up with for these Gerber knives and axes, you will quickly find that they're up to the task.

Axes

Gerber axes feature lightweight, virtually unbreakable polymid handles and forged steel heads. A sheath is included.

Axe Size	Weight	Length
Back Axe	500 g	22.55 cm
Sport Axe	680 g	36.19 cm
Camp Axe	1.42 kg	44.45 cm

Pocket Sharpener

A handy pocket sized sharpener to keep knives razor sharp on the trail. Includes both a coarse and a fine rod.

Weight only 17.2 g

Tempo

A compact yet rugged light with a run time of 3.5 hours on a single AAA battery! Regulated output keeps brightness level consistent throughout the life of the battery.

Weight 31.18 g. Overall Length 7.12 cm

Omnivore

A new light with multi-battery functionality! Just pick your battery choice, AA, AAA or CR123 and drop it in for a beaming bright, white light. A 0.7 watt LED is protected by the aircraft grade aluminum housing.

Weight 114 g. Overall Length 11.4 cm

"D" Carabiner

One of the strongest, lightest Ds available today.

Available in bright aluminum, or fully anodized black finish. Weight 65 g / Gate opening 20 mm / Strength 31 kN

Locking D

A strong screw-gate carabiner.

Available in bright aluminum or fully anodized black finish. Weight 74 g / Gate opening 16 mm / Strength 31 kN

Locking D NFPA

Certified by the NFPA.

Available in bright aluminum. Weight 74 g / Gate opening 13 mm / Strength 27 kN

"O" Carabiner

The oval carabiner is one of the most favoured shapes for mountaineering applications.

Available in bright aluminum or fully anodized black finish. Weight 65 g / Gate opening 15 mm / Strength 22 kN

Locking O Carabiner

Available in bright aluminum Weight 71 g / Gate opening 12 mm / Strength 22 kN

Five-O

The Five-O's design allows for easy handling and lightning-fast clip-ability. Available in Summit Blue.

Five-O Straight Gate

Weight 57 g / Gate opening 24 mm / Strength 25 kN

Five-O Bent Gate

Weight 58 g / Gate opening 28 mm / Strength 25 kN

Five-O Locking Gate

Weight 63 g / Gate opening 21 mm / Strength 25 kN

Five-O Wire Gate

Weight 49 g / Gate opening 32 mm / Strength 25 kN

Omega Pacific is devoted to improving the design and construction of climbing gear.

Doval Wire Gate

Ultralight, ovalized D frame carabiner.

Available with an anodized red body. Weight 37 g / Gate opening 25 mm / Strength 25 kN

11-mm Steel Locking D

Ideal for rescue and industrial applications.

Available in a gold finish. Weight 210 g / Gate opening 24 mm / Strength 53 kN

1/2-in. Large Locking D Steel NFPA

Superior strength. Certified by the NFPA.

Available in a gold finish. Weight 283 g / Gate opening 27 mm / Strength 72 kN

1/2-in. Aluminum Modified Locking D NFPA

Available in a bright aluminum finish. Weight 105 g / Gate opening 21 mm / Strength 30 kN

ISO Classic Series

The classic shape brings function and value together for easy handling.

ISO Classic Straight Gate

Weight 54 g / Gate opening 17 mm / Strength 24 kN

ISO Classic Bent Gate

Weight 54 g / Gate opening 20 mm / Strength 24 kN

ISO Classic Purple Locking Gate

Weight 60 g / Gate opening 15 mm / Strength 24 kN

ISO Classic Keylock Straight Gate

Weight 54 g / Gate opening 23 mm / Strength 24 kN

ISO Classic Keylock Bent Gate

Weight 54 g / Gate opening 24 mm / Strength 24 kN

ISO Classic Keylock Locking Gate

Weight 60 g / Gate opening 20 mm / Strength 24 kN

Jake

The Jake carabiner has an enormous gate opening because of its unique side swing gate design.

Jake Screw Gate

Weight 99 g / Gate opening 25 mm / Strength 23 kN

Jake Quik-lok Gate

Weight 105 g / Gate opening 24 mm / Strength 23 kN

Jake Jr. Screw Gate

For those who love the Jake but want it in a smaller package.

Weight 91 g / Gate opening 21 mm / Strength 24 kN

Jake Jr. Quik-lok Gate

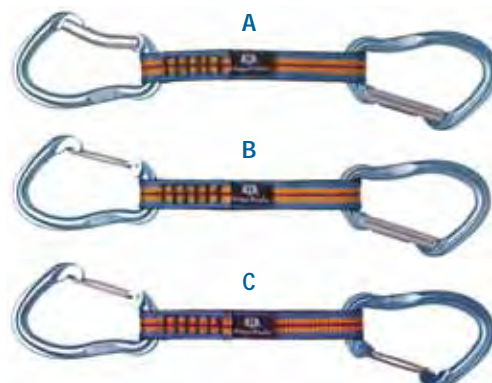

Weight 97 g / Gate opening 20 mm / Strength 24 kN

Omega Five-O Quick Draw Sets

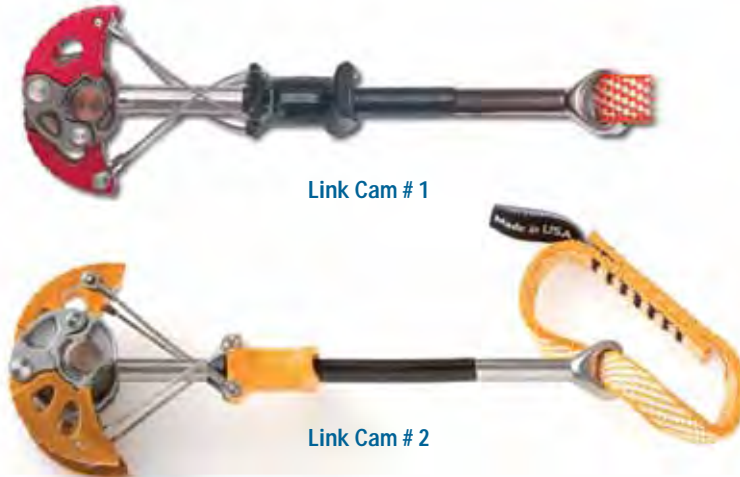

Classic 21 x 11-cm quickdraws carrying the CE certification. Made from super strong 19-mm webbing with computerized bar tacks to ensure dependable strength. Strength 22 kN

- A. Five-O Bent Gate / Straight Gate
- B. Five-O Wire Gate / Straight Gate
- C. Five-O Wire Gate / Wire Gate

Link Cams

The two inner links on each lobe unit are built with a very new (and very expensive) process known as Metal-Injection-Molding which permits Omega Pacific to create detailed, precision pieces – like casting – with the strength of machined parts that are made from 17-4 aircraft stainless steel. The outer link is machined from 7000-series aluminum alloy.

Link Cam Specifications

Description	Range mm / inches	Strength kN	Weight grams / ounces	Length mm / inches	Width mm / inches
Link Cam #1	21.1 – 53.3/0.83 – 2.10	14	176/6.2	171/6.75	63/2.48
Link Cam #2	25.4 – 64.0/0.96 – 2.51	14	207/7.3	191/7.51	63/2.48

SBGII Belay/Rappel Device

The SBGII is a tremendously versatile belay/rappel device that works great on all singles or any double/twin rope system. The rigid stem keeps the working “bell” of the device off the rope, providing a silky smooth transition from full lock-off to quickly whipping rope out to the leader. The rigid stem design also permits figure-8 style rappels, enabling climbers to safely descend single-rope raps when using 8-mm or 9-mm ropes.

Weight 77 g

Dirt Bag Draw Set

Even if you're on a budget, you still deserve Omega Pacific quality! Omega stripped away all the frills to provide a basic, reliable and easy-to-use quick draw. Includes the Classic Straight and Bent Gate carabiners and combines them with a single-color, 4-inch draw. Still included are all the signature Omega features like proof-load testing, true-radius rope-bearing surfaces, tapered noses and hooded gates.

Caranut Tool

A cleaning tool made from 4130 CrMo so it won't bend in use. Omega has combined a standard nut tool and a carabiner to make one of the coolest tools available.

Weight 54 g / Length 21 cm

When it comes to building reliable equipment, Omega Pacific demands innovative features, consistent performance and impeccable quality from every piece.

Speed Screws

The new Speed Screws are carefully turned and machined from 4130 CrMo steel and plated with corrosion-resistant silver zinc chromate. The 4130 CrMo hanger is large enough to be clipped with two carabiners.

Available in 11-cm, 17-cm and 22-cm lengths.

Snow Pickets

Safety anchors for snow travel. Manufactured with anodized "T" section structural aluminum alloy pickets.

Available in 24-in. (526 g) and 36-in. (774 g) sizes.

Wedgies

Wedgies are built with a double taper to fit slight flares and more typical cracks alike. Available individually or in sets, each is extruded and machined from 6000-series, aircraft-quality aluminum alloy and anodized for instant identification on your rack. Slung with strong, braided steel cable, they're built for years of use.

Sizes 1-13 (see table).

Rappel Ring

Forged aluminum rap ring for bail-outs and rap stations. Anodized grey for minimal visual impact. Solid construction (not hollow) for 20 kN minimum breaking strength (over 4400 lbs.)! Not intended for repeated lowering.

Weight 34 g

Figure 8

Figure 8 devices remain popular for their simplicity, durability and dependability. Forged from aircraft-quality anodized aluminum with 35 kN minimum breaking strength. Can be used with double, half or single rope systems for rappelling or belaying.

Weight 105 g

Wedgie Specifications

Size	Dimensions mm	Cable size inches	Strength kN	Weight g
#1	3.56 – 9.91	1/16	2.5	7
#2	4.06 – 9.91	1/16	2.5	8
#3	5.84 – 10.92	3/32	2.5	15
#4	6.86 – 11.18	3/32	6.4	16
#5	8.38 – 13.51	3/32	6.4	18
#6	9.65 – 14.48	1/8	10.5	32
#7	11.18 – 15.49	1/8	10.5	34
#8	13.21 – 17.27	1/8	10.5	37
#9	15.24 – 20.32	1/8	10.5	39
#10	17.27 – 22.35	1/8	10.5	43
#11	19.81 – 25.65	1/8	10.5	51
#12	22.86 – 29.72	1/8	10.5	58
#13	26.42 – 33.76	1/8	10.5	71

Chalk

Loose, premium chalk in 300-g bags.

Refillable Balls

Refillable 60-g chalk balls that come loaded with premium, high performance chalk.

Summit Chalk Bags

Cylinder style nylon chalk bags. Fleece-lined for easy finger dusting. A stiffened rim holds the bag open for easy dipping and a drawstring closure with a cord lock keeps the chalk in place when not in use.

Available in assorted colours.

Chalk Blocks

Premium chalk compressed into a condensed block. Shrink wrapped to prevent breakage and to avoid messy cleanups in your store. Break off in large chunks and pulverize in hand.

58-g block

Chalk Bag Belts

The 1-inch tubular nylon Chalk Belt holds a chalk bag securely in place and can be adjusted to fit snugly around your waist.

Dynamic Rope

10.7-mm Ultra

The marathon sheath makes it very durable, yet it retains a nice supple hand. Perfect for any climb that is hard on a rope.

Available in standard or dry 60-m lengths.

10.4-mm Sport

Sport climbing, traditional, ice and expeditions, this rope handles it all. The Sport offers superior abrasion resistance.

Available in standard or dry 60-m lengths.

9.8-mm Velocity

A space-age sheath and propulsion core, everything you need in a skinny rope.

Available in dry 60-m lengths.

Gym Rope

10.7-mm Dynamic Big Gym Rope

Engineered specifically for climbing gyms. This rope has an extraordinarily durable sheath and nice hand to fit in belay devices.

Stocked in 200-m rolls but can be special ordered in custom lengths.

10.4-mm Jungle Gym Rope

Engineered with a slightly more supple sheath and the features of the Big Gym, this rope was the result of feedback from gym owners, dealers and climbers from Sterling's Product Development Test Team.

Stocked in 200-m rolls, but can be ordered in custom lengths.

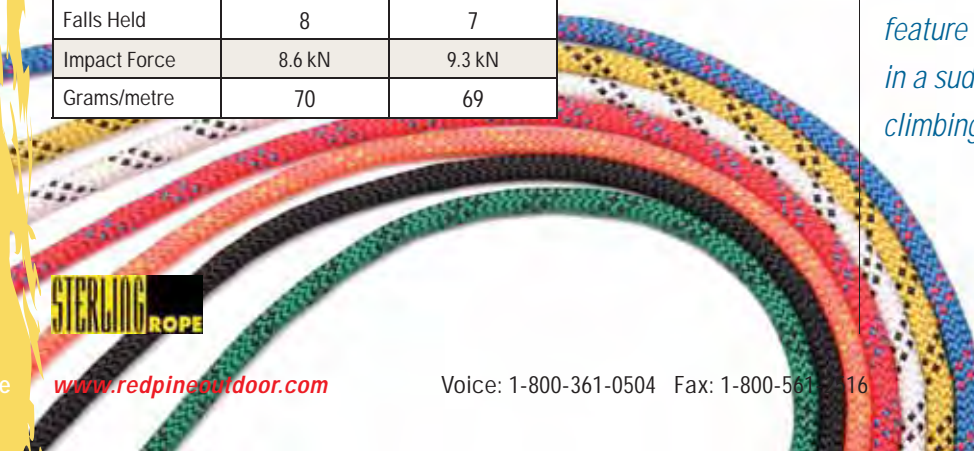

Only Sterling ropes have dry cores as standard construction in all dynamic and static ropes and cords. The core represents 75% of the rope mass so the dry core is an important safety feature should you get caught in a sudden storm or in damp climbing conditions.

Dynamic Rope Specifications

	10.7-mm	10.4-mm	9.8-mm
Falls Held	8	7	6
Impact Force	8.6 kN	9.3 kN	8.8 kN
Grams/metre	70	69	62

Gym Rope Specifications

	10.7-mm	10.4-mm
Falls Held	8	7
Impact Force	8.6 kN	9.3 kN
Grams/metre	70	69

Static Rope

3/8-in. Static (10 mm)

Single person rope ideal for setting up anchors as well as other low stretch applications.

Available in special order lengths.

7/16-in. Static (11.5 mm)

This rope has superb handling characteristics due to the 48-carrier sheath construction. Suited for single-person rescue.

Available in 50-m and 200-m coils or special order lengths.

1/2-in. Static (13 mm)

Two person rescue rope. Features Sterling's 48-carrier process and dry core construction. Ideal for high-strength rescue or safety applications.

Available in special order lengths.

1-inch Tubular Web

Quality webbing available in red, black, blue, purple and orange in 91-m spools.

Tensile strength 1818 kg

Static Rope Specifications

	3/8-in.	7/16-in.	1/2-in.
Tensile Strength Avg.	2850 kg	3711 kg	4207 kg
Weight/100 ft.	4.7 lb	6.0 lb	7.9 lb

Slings

Sterling manufactures sewn slings with 17-mm nylon Tech2000 premium webbing. All Sterling slings are sewn on computerized machines, insuring that each sling is sewn perfectly every time.

Available in assorted colours in 24-in. and 48-in. lengths.

Boot Laces

Great durable laces in assorted outdoor colours.

Available in both flat and round styles in 52-in., 60-in. and 72-in. sizes.

Sterling static ropes feature a 48-carrier cover braided over their unique dry core. This construction prevents stretching, spinning and stiffening of the rope during rappels, load lowering and other static rope applications.

Accessory Cords

Sterling offers a wide range of accessory cords in outdoor colours and patterns for general utility purposes. Accessory cords are not for lead climbing or rappelling. Like their other ropes, Sterling puts a little extra engineering into the accessory cords to make them more rugged and easier to knot and use.

Available in 100-m spools in 2-mm, 2.75-mm, 3-mm, 3-mm Glow, 4-mm, 5-mm, 6-mm, 7-mm, 8-mm and 9-mm sizes.

Floating Rope

5/16-inch floating rope in high visibility yellow. An excellent rope choice for watersport enthusiasts.

Available in 92-metre spools. Tensile strength 725 kg

Shred Ready is a company focused on the manufacture of protective gear for outdoor sports such as whitewater kayaking, canoeing and kiteboarding.

AHM 5000

This helmet features a hard ABS abrasion resistant shell, soft tubed nylon webbing, removable compression molded ear flaps, stainless hardware to prevent corrosion and an adjustable four-point retention system, and H.O.G. Lock retention strap. One size fits all! Certified to CE 1385 Standard; International Standard for whitewater headgear.

Available in black matte, orange, carbon blue and carbon black.

Super Scrappy

The Super Scrappy has an ABS injected molded shell with H.O.G. Lock retention system – fits behind nape of neck for secure custom fit. It is even reversible – the Super Scrappy can be worn with the bill in the front or the back. Includes removable ear flaps, a multiple impact VN foam liner laminated to plush soft cloth that acts as the loop side for attaching fitting pad, interchangeable compression molded closed-cell foam fitting pads that attach via a double sided hook, soft tubed nylon webbing and stainless steel hardware. Certified to CE 1385 Standard; International Standard for whitewater headgear.

Available in black matte, orange, carbon blue, carbon black, and limited edition wood grain.

Standard

A new standard in helmet design has been set with the introduction of the Standard. Designed from the ground up to provide unparalleled performance. All the great features of the Shred Ready line (H.O.G. Lock retention system, ABS injected molded shell and more) and gives extra protection over the ears. Great for kayaking, wakeboarding and kiteboarding.

Available in fullcut style in white, carbon black, orange and carbon blue.

AHM Rental

The AHM Rental is based on the AHM platform but the liner is modified for outfitting and rafting applications. The liner is a sized compression molded foam that is riveted and glued into the shell. Features tubed nylon straps, stainless hardware, and H.O.G. Lock retention strap.

Color coded sizing: white small, blue medium, red large.

Rack Guard

Simple and effective roof rack theft deterrent. 3.65 m of high strength steel cable with plastic coating. Feed the cable(s) through your boat's security bar, pass the ball through the large loop and pull tight. Close the ball and surplus cable in trunk or car door. No keys to lose! Perfect for keeping your kayak or canoe safe and secure while you're gone!

Kayak Throw Bag

15 metres of strong 1/4-inch floating rope in a compact bag with a drawstring closure. A sewn in waist belt allows the user to wear the throw bag comfortably and keep it accessible when scouting a rapid or descending the river.

Length 18 cm / Weight 370 g / Diameter 9 cm

McCoy Throw Bag

20 metres of Sterling Ultralite 1/4-inch polypropylene sheath / Dyneema core rope in a tough nylon bag. The Dyneema rope has a 900 kg load rating yet is lightweight.

Length 24 cm / Weight 458 g / Diameter 12 cm

Deluxe 15-ft. Straps

15-foot (4.58-m) heavy-duty polypropylene straps with a sewn-on steel spring-loaded cam buckle and pad to prevent scratches. Allows for easy tie-downs of canoes, kayaks and other camp gear.

Deluxe 12-ft. Straps

12-foot (3.66-m) heavy-duty polypropylene straps with a sewn-on steel spring-loaded cam buckle and pad to prevent scratches. Allows for easy tie-downs of canoes, kayaks and other camp gear.

Pro II Throw Bag

Stuffed with 20 metres of Sterling Rope's finest 5/16-inch Grabline bright yellow polypropylene/nylon floating rope in a durable orange nylon and mesh bag. The mesh allows the rope to dry when not in use. This design ensures that the bag can be quickly redeployed if the first throw misses the target. Simply dip the empty bag into the water, it will quickly fill to the level of the mesh and be ready to throw again.

Length 28 cm / Weight 807 g / Diameter 12 cm

Replacement Throw Bag

Got an old bag? Our Replacement Throw Bags are a great upgrade. Built tough with bright orange or red nylon with black mesh. Complete with a daisy chain and drawstring closure but does not include rope. For those wishing to upgrade or make their own custom throw bag. The orange bag holds up to 20 metres of 5/16-inch rope. The red bag holds up to 20 metres of 1/4 inch rope.

2easy

Loop straps simplify any tie-down to secure gear to an object such as a raft frame or car rack. These straps are a two-piece system. Each piece has a loop at one end. Just loop the straps around the bars and secure the steel spring-loaded cam buckle over the top of the gear. Particularly handy for securing canoes and kayaks.

Total length 6 ft., 3 in. (192 cm)

Canoe Throw Bag

20 metres of strong 1/4-inch floating rope in a compact bag with a drawstring closure. Bag has a built in mesh to allow the rope to dry. Easily attaches to belts, packs or thwarts with a quick release closure.

Length 19 cm / Weight 405 g / Diameter 11 cm

V Bow Straps

Easily tie down the bow or stern of any boat with Wonka's V Bow Straps. Attach one hook to the boat and 2 other hooks to the bumper and tighten the heavy-duty spring-loaded cambuckles to secure the load.

Length 230 cm

Portage Pad

Made from durable 420 nylon and closed cell foam, the portage pad protects the shoulders on those long portage trails. Attaches to any yoke easily with sewn-in velcro straps.

GPS Pod Dry Bag

The GPS Pod Dry Bag offers waterproof protection for GPS units, cell phones and other small, delicate items. Padded for extra protection and featuring a clear TPU front, this dry bag attaches easily to packs, belts and kayak deck lashings. The clear TPU front allows a GPS to be used while still inside the Pod.

Available in an attractive blue/yellow combination.

Map Case

Protects your map from the elements. Completely transparent on both sides, with easy velcro closures and a cord for easy attachment to gear, this case makes reading maps (even folded ones) a breeze.

34 cm x 26 cm closed

C.F.S. Dry Bags

These dry bags are manufactured with 600D polyester with a clear TPU window. They are waterproof, durable and eco-friendly. No PVC (polyvinyl chloride) has been used in the manufacturing process – PVC manufacture and disposal creates dioxins that can harm wildlife, groundwater and people.

Available in 10-L, 20-L and 30-L sizes in three bright colours—blue, red or yellow (30-L available in blue or red only).

Lagoon Camp Sink

Holds 15+ litres and is compact and lightweight. Ideal for water transport, personal bathing, washing dishes, etc. in the outdoors. Features heavy duty handles and a mesh storage pouch.

Accessory Cord

Wonka Accessory cords are available packaged with a header card in 10-metre lengths. These multi coloured cords have nylon sheath and core construction for durability and strength.

Available in 3-mm, 6-mm and 8-mm sizes.

Kayak Paddle Leash

Easily secure a kayak paddle to the boat with this handy leash. Manufactured with strong bungee cord, a nylon clip at one end for attaching to the kayak and a velcro loop for attaching to a paddle.

80 cm long but stretches easily to 160 cm.

Reflective Deck Bungee Cord (A)

5.6 mm diameter and 4.57 m length. Bilingually packaged in a see-through bag with a cardboard hang tag, this Wonka product is great for kayakers who are out at sunset or at dawn, or who enjoy night paddling or paddling in busy waters.

Deck Bungee Kit (B)

Customize your kayak bungee cord. Includes four nylon Pad Eyes and 4.57 m of stretch cord, 5.6-mm in diameter. Bilingually packaged in a see-through bag with a cardboard hang tag and an instruction sheet.

Dyneema Rope

A rope made with Dyneema is as strong as a wire rope with the same diameter but is only about 10% of the weight per metre. Dyneema has a low elongation making it ideal for rescue situations. Our 1/4-inch polypropylene sheath Dyneema core rope has a strength of 900 kg.

Available in 100-m spools.

Crank Compression Strap

Attach gear to your pack or boat or compress lofty items with ease. Made with 1-inch heavy duty polypropylene and a sewn in ladderloc buckle.

Available in yellow.

Polypropylene Liner Gloves

Provide moisture-wicking action under heavy mitts or can be used alone on milder days. Great for adjusting bindings and equipment in cold weather.

Available in blue in S, M, L, and XL sizes.

Water Bottle Holster

A durable cordura bottle holder manufactured to fit 32-oz. Nalgene bottles perfectly. This bottle holster has a drawstring top and a Velcro strap for quick and easy attachment to a pack or belt.

Available in black or red.

Neoprene Bottle Insulator

Designed to hold and insulate a 32-oz. wide or narrow mouth Nalgene bottle.

Available in blue or black.

Titanium Spork

Lightweight, strong and versatile – the spork is the ultimate eating utensil – a fork and spoon in one.

Weight 16 g

Trekker Telescopic Poles

Two four-season poles constructed of 3 pieces of 7075 aluminum. Extends to 135 cm. Features a comfortable cork grip and includes both mud and snow baskets. Great for snowshoeing and hiking.

Backwoods Snowshoes

Built to last with a 6061 aluminum frame, rugged polyurethane decking and aggressive 6063 aluminum crampons. Easy to put on with a one-size-fits-all, polycarbonate ratchet binding. Each pair ships in a handy carry bag.

Available in 22-in., 27-in., and 30-in sizes.

Sandman Sleeping Pad

A 75D polyester, self inflating sleeping pad with a built-in anti-slip surface for a good night's sleep. A stuff sack is included with every Sandman.

Size 27 cm long, 14 cm diameter in stuff sack. Inflated measures 183 cm x 51 cm x 2.5 cm.

Titanium Storm Peg

The V shape of this peg makes it able to withstand severe weather conditions with outstanding holding power. A great peg for snow and sand.

Weight 14 g

Summer Breeze Hammock

A lightweight, compact packable hammock. Weighs only 312 g with a 120-kg load rating.

Size 300 cm x 139 cm end to end. The nylon section on its own measures 218 cm in length.

Titanium Tent Peg

Simple, strong and durable. Significantly stronger and lighter than standard aluminum.

Weight 8 g

Survival Poncho

Offers rain protection in a one-size-fits-all, 13-mm PVC garment with side snaps. Available in yellow or blue, this poncho can also function as an emergency shelter. Comes in its own handy pouch.

Reflective Tape

Highly reflective, self-adhesive vinyl tape. Easily attaches to helmets, clothing or almost any flat, clean surface. Provides enhanced visibility night and day.

Available in blister packs of two 30-cm strips or in a 30-m roll.

Reflective Armbands

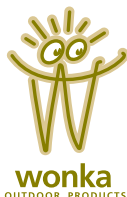

Reflective Armbands increase your visibility night and day. Each vinyl band is approximately 4.5 cm wide and 39 cm long. A hook-and-loop closure system allows for easy adjustment to fit various arm or ankle sizes.

Available in bulk or blister packs of two.

Wanderer Money Belt

Essential security for travelers! The durable nylon Wanderer can be easily hidden under clothing. Features a low profile, twin compartment design.

Rambler

A compact, hanging toiletries organizer for the organized traveler. Features include two mesh front pockets and a detachable mirror. Contents not included.

Mesh Bags

Handy bags for laundry, wet items and gear on the trail. Each bag has a drawstring closure.

Available in small (23 x 36 cm), medium (32 x 48 cm) and large (37 x 49 cm) sizes.

AquaSpring Bottle

A quality 32-oz. stainless steel bottle. Features an easy-to-clean wide mouth design. The polypropylene loop-top lid prevents lid loss and makes for easy attachment to a pack or belt.

Ecolight

A compact, rechargeable 3-LED flashlight. No replacement batteries required. Charge the Ecolight by twisting the end of the flashlight. Thirty seconds of twisting can generate up to ten minutes of light from the ultra bright LEDs.

Weights only 91 g / Length 12 cm

Flushy Nose Plugs

Made with soft cushioned pads for comfort while you paddle. They come complete with a loop string to attach around your helmet strap – squeeze at the base of the wire to obtain the best custom-fit nose plug available.

Float Bags

These bright yellow 200 denier nylon, urethane coated bags feature an easy-to-turn valve to shut the inlet when taking a breath or when inflation is complete. The canoe bags have a large bleeder valve for quick deflation. Float bags are a necessary accessory for kayakers and canoeists. The bags displace water and keep the craft afloat. All bags feature durable sewn-in lashing points.

- 36-in. Canoe End Bag
- 48-in. Canoe End Bag
- 60-in. Canoe End Bag
- 30-in. Kayak Rodeo End Bag
- 36-in. Kayak Stern End Bag

Foam Pads

Self-adhesive 1/2-inch foam pads, perfect for outfitting a canoe. Use as a seat cushion or knee pad.

Size 28 x 23 cm

Canoe Blocks

Easy-to-use foam blocks that fit most canoe gunnels.

Boat Carts

Assembles in less than a minute! No instructions necessary. Simply take out the cart, expand it, remove the pins, pop on the tires, and reinsert the pins. Secure your canoe or kayak to the cart with the included straps. Done!

Barrel Harness

The 60-L harness is made out of tough, ripstop cordura nylon and cut with an adjustment cinch on the side to fit either the yellow or blue barrels. It includes great shoulder straps, sternum strap and a hip belt.

Kayak Blocks

Foam blocks for roof-top kayak transport.

Eddy Out Boat Sponge

A medium size sponge that is handy for cleaning up unwanted water that collects under a kayak spray skirt or the water a bailer can't pick up in the bottom of a canoe. The Eddy Out Sponge is covered in a black mesh that has a sewn in cord loop for easy attachment to boats and gear.

Canoe Pack

Made with tough, quick drying cordura with nylon webbing and quick release buckles, the Canoe Pack has been designed by guides to fit a group's gear. It also features padded adjustable shoulder straps, many pockets to fit everything needed on a canoe trip and a traditional tumpline. It is not meant to be waterproof. The pack is cut to hold three 30-L barrels or four 20-L buckets.

Lucky Duct

One 5 x 50 cm duct tape strip with removable backing. Fits in your wallet or pocket! Available in singles or in counter-top display cases of 25.

Safe drinking water anywhere in the world in just 15 minutes! Perfect for hiking, camping, boating and disaster preparedness.

Water Purification System

Water treatment that is completely safe to drink on a regular, daily basis when used as directed. When Pristine parts A and B are combined, chlorine dioxide is activated and releases oxygen in a highly active form to effectively kill bacteria and enhance the taste of water. Chlorine dioxide has been used in city water treatment plants safely for over 50 years. One 30-mL Pristine personal pack will treat up to 120 L of water. A 60-mL pack treats up to 240 L. Pristine kills viruses, bacteria, cryptosporidium, giardia, botulism and *E. coli*.

Aquatabs

Aquatabs

These water purification tablets come packaged in a very lightweight, travel-friendly format. Weighing just 16 g, this box of 50 tablets can purify up to 50 L of water. An information pamphlet and dosage chart are also included. Iodine-free and with no unpleasant taste or colour, these tablets contain a measured dose of Sodium Dichloroisocyanurate (NaDCC). When added to water Aquatabs dissolve to release hypochlorous acid (free available chlorine) – a universally recognized safe and effective water disinfectant.

Counter Assault was produced from a research study at the University of Montana that included bear biologists and then was extensively field tested by bear management specialists.

Bear Deterrent Pepper Spray

Counter Assault can prevent animal-human conflicts using a non-lethal formula that does not permanently harm the animal. Only a small amount of Counter Assault is usually needed to arrest aggressive behaviour. A short blast of Counter Assault will often be enough to scare an aggressive bear away, but if not, the high volume, high velocity cone-shaped spray of burning pepper (3 million Scoville heat units) is sure to stop an attack.

Counter Assault comes in a 230-g or 290-g canister. Effective up to 10.68 m depending on wind conditions. Nylon holsters are available.

Dog Spray

A dog-attack deterrent spray with a maximum range of 3 metres. This 40-g container provides approximately 60 one-second bursts of spray. A jogger style holster is included.

Bear Spray Belt

This 1-inch tubular belt is used with a holster to carry bear spray outside of jackets and sweaters where it can be accessed quickly in bear country. One size fits all.

Bear Keg

Able to hold 850 cu. in. of provisions, this bear-proof container has smooth sides and round edges. Three stainless-steel locks are easy for humans to open with a coin or screwdriver, but impossible for bears.

Bear Keg Carrying Case

Zippered nylon case has a single grab-handle plus four webbing tabs and two 71-cm adjustable straps.

Kozee-Tote Transport

The Kozee-Tote features highly absorbent foam inserts within a heavy-duty container with handle. A safe way to transport bear spray.

For over 20 years, McNett has manufactured the finest specialty products for every outdoor enthusiast. Their care and maintenance products are known worldwide.

AquaSeal

The industry standard for repairs to watersport products. Flexible urethane formula waterproofs, seals and protects against abrasion. For fast cure, use with Cotel-240 Cure Accelerator.

Available in 226.8-g and 21-g sizes.

SeamSure

Fast drying, water based urethane formula for sealing seams on tents, packs and other gear. Dries to a clear, long lasting finish.

60-mL bottle

Seam Grip

Another industry standard by McNett. Urethane repair adhesive permanently seals seams and leaks, repairs tears and patches holes on tents. For fast cure, use with Cotel-240 Cure Accelerator.

Available in 28-g and 226.8-g sizes.

Field Repair Kit

Contains an expert Field Repair Guide and has enough Seam Grip (7 g), a brush and 2 Tenacious Tape Patches to repair tears, holes and leaks on inflatable sleeping pads, tents, boots, backpacks, rainwear and more. It all fits into a transparent, sturdy, bright plastic tube that expands to hold additional items.

Cotel-240 Cure Accelerator

For use with AquaSeal, Seam Grip and Freesole. Speeds tack time to 15 minutes and full cure to less than two hours.

15-mL bottle

Tent Sure Tent Sealant

A concentrated, high performance, water based urethane. Re-coats worn areas on coated synthetic fabrics. Dries to a clear, flexible, long lasting film with a non-gloss finish.

237-mL bottle

Freesole

Permanently re-attaches soles to boots and shoes. Repairs rands, toe caps and worn boot parts. Unaffected by desert heat or arctic cold. For fast cure, use with Cotel-240 Cure Accelerator.

Available in a 42.5-g size.

SilNet Silicone Seam Sealer

Specially formulated to seal seams on tents and outdoor products constructed or coated with silicone. SilNet can restore silnylon fabric seams and tears to their original state.

45-mL tube

MiraZyme

Powerful all-natural formula removes odours caused by mould, food spills, body odour, skunks and more. Just add MiraZyme to water and dip item.

60-mL bottle

Op Drops – Anti-Fog Spray

Ideal for eyeglasses, sunglasses, cameras and binoculars. The alcohol free formula is safe on virtually all lens coatings.

60-mL bottle

Quick Fresh

An all natural deodorizing spray that removes odours on contact without perfumes or masking scents. Use Quick Fresh at home or when travelling in the backcountry.

60-mL pump spray

Boat Cleaner

Eliminates stains and residue caused by tar, mould, mildew, algae, dirt and more. For canoes, kayaks, boats and rafts. The fast-acting formula is water-based, non-toxic, phosphate-free and biodegradable.

472-mL bottle

Wet Suit and Dry Suit Shampoo

Advanced, commercial grade formula cleans all types of wet and dry suit materials.

237-mL bottle

ReviveX Down Cleaner

Gently restores loft and warmth to down jackets, comforters and sleeping bags.

355-mL bottle

ReviveX H₂O Repellent

Restores water repellency to all types of outerwear including Gore-Tex, Windstopper, soft shell and other waterproof breathable fabrics. Durable, non-toxic and water-based. For garments with wicking inner liners use this spray-on version of ReviveX.

Available in 148-mL and 296-mL bottles

ReviveX Wash-In H₂O Repellent

Wash-in version of ReviveX. Easy to use in home washing machines. Restores the DWR coating on Gore-Tex and other waterproof breathable fabrics.

355-mL bottle

ReviveX Synthetic Fabric Cleaner

Designed to clean all types of outerwear including rainwear, skiwear, soft shells, fleece and synthetic insulation. Essential preparation for treatment with ReviveX water repellents. Ideal for Gore-Tex garments, Windstopper garments and other waterproof breathable garments.

355-mL bottle

ReviveX Soft Shell H₂O Repellent

Specifically engineered for soft shell garments such as Windstopper, Schoeller, Polartec and Powershield. Contains enough to treat 2 to 4 garments. Non-toxic, water-based concentrated formula.

296-mL bottle

Sil-Fix

Repairs tears and holes, seals out water and repairs seams. Ideal for silicone impregnated nylon fabric tents, tarps, backpacks, outerwear and more. Includes 1/4 oz. of Silicone Adhesive, 1 Clean Tape Patch, 1 Sil-Nylon Repair Swatch, 1 Application Brush and an expert Field Repair Guide.

Zip Care

This universal cleaner and lubricant is great for all zipper types. Its dry finish won't attract dirt and the applicator brush can also clean zipper teeth. It is silicone free. Great for wet and dry suit zippers. Biodegradable. Extends zipper life.

60-mL bottle

Seal Cement Clear

Quickly repairs wet suits, dry suits, waders, rainwear, boots, gloves, orthopedic supports and hundreds of other items. This rapid-cure contact cement saturates the entire seam or repair area for quick repair. The precision applicator tip minimizes waste. A brush is included. Dries clear.

60-mL tube

Gore-Tex Fabric Repair Kit

An essential field repair kit for rainwear and skiwear. Kit includes 2 adhesive-backed Gore-Tex pressure sensitive patches.

Available in assorted colours.

Tenacious Tape

Ideal for fast repairs to tents, tarps and rain gear. The super aggressive adhesive sticks to almost any surface and can be used for a variety of flexible long lasting repairs. Instantly seals leaking seams and tears.

Includes one 7.5 x 50-cm strip of tape

Cubit

Packing cube organizer made with breathable mesh. Makes packing a snap.

Size 33 cm x 25.4 cm x 8 cm

Folio Sleep Sacks

Wider, longer and more luxurious than traditional sleep sacks. Unique features include an extra-long fold-over top sheet and pillow pockets. Includes a travel storage sack.

100% cotton regular
Poly-blend regular
Classic Silk regular
Classic Silk mummy

Gathernet

Useful utility bags with many travel and outdoor uses. Manufactured with an extra fine mesh so the bag won't catch on hooks and fasteners. Each set includes a small, medium and large bag.

Micronet Advanced Microfibre Towels

Full sized towels of velvet soft microfibre that packs down to the size of a book. These towels absorb 5 times their weight in water and dry quickly.

Available in small 26 x 51 cm, medium 51 x 102 cm, large 77 x 128 cm and X-large 89 x 157 cm sizes

Netline Flexible Clothesline

Dry wet clothing on the trail or in a hotel room. Stretches six to seven feet and requires no clothespins. End loops and clips for easy attachment.

Stretches up to 2 m

Money Belt

Designed to be worn under clothing. Made of 100% soft silk, this item is ultra slim and has a water resistant liner. Essential protection from pickpockets! Available in beige.

Neck Wallet

Ultra slim design is invisible even underneath the lightest clothing. Constructed in soft silk to make it comfortable to wear in all climates. Available in beige.

Frontier Pro Ultralight Water Filter

Uses the same quality filter as the original Frontier but with a larger capacity and the ability to attach to water bottles or bladders. Remove the bite valve to use as a hanging drip filter. Filters up to 200 L of water.

Frontier Emergency Water Filter System

The Frontier straw filter can be used to filter water from any water source. Removes contaminants down to 2 microns in size including Giardia, Cryptosporidium and E.Coli. Filters up to 80 L depending on water clarity.

McNett River Knives

High quality knives made under exacting conditions with corrosion resistant 420 stainless steel. These river knives can be leg- or vest-mounted. All knives have three-inch blades.

Blakely

Sheepsfoot tip with black or yellow handle and hard sheath

Samish

Stiletto tip with black handle and hard sheath

Cypress

Blunt tip with black handle and hard sheath

Saturna

Blunt utility tip with black or yellow handle and hard sheath

Panasonic

Panasonic Batteries

Panasonic alkaline batteries are excellent for high energy burning devices like the halogen bulbs in today's headlamps and flashlights. Offers improved current flow and efficiency, enhancing its performance and service life.

AA and AAA available in packs of 8.

First aid kits for a day, weekend, extended journey in the wilderness... or just one of those crazy moments!

Backpacker

The Backpacker contains all the essential items needed for wound management, blister care and minor accidents. Additional space is available to stock personal items and medications. The Backpacker includes first aid scissors, first aid forceps, Aspirin tablets, insect sting relief pads, antiseptic towelettes, bandages, knuckle bandages, butterfly closures, non-adherent pads, sterile eye pad, sterile gauze roll, gauze pads, safety pins, cotton tip applicators, latex gloves and antiseptic pads.

Size 10 x 20 x 5 cm closed

Professional

Designed for the professional guide. Contains EMT scissors, tweezers, thermometer, pressure bandage, fingertip bandages, safety pins, cotton tip applicators, gauze pads, adhesive tape, alcohol prep pads, emergency rescue blanket, triangular bandage, non-adherent pads, knuckle bandages, butterfly closures, eye pads, antiseptic towelettes, providine swabs, acetaminophen tablets, burn cream packs, insect sting relief packs, elastic bandages, latex gloves, first aid manual and more.

Expedition

While compact and affordable, the Expedition kit contains essential first aid items needed to accompany most outdoor adventures, including EMT scissors, tweezers, thermometer, pressure bandage, fingertip bandages, safety pins, cotton tip applicators, gauze pads, adhesive tape, alcohol prep pads, emergency rescue blanket, triangular bandage, non-adherent pads, knuckle bandages, butterfly closures, eye pad, antiseptic towelettes, providine swabs, acetaminophen tablets and latex gloves.

Size 11.25 x 16.25 x 5.75 cm closed

Tender Corporation's DEET-Free Natrapel™ has the highest concentration of citronella available and is recommended for situations in which frequent re-application is necessary.

Ben's 30% DEET Repellent

Ben's brand pump spray repellents contain DEET, the most effective tick and insect repelling ingredient ever developed. Water has replaced alcohol in Ben's 30. Water does not evaporate as quickly as alcohol, and does not open the pores, so the need to frequently reapply the repellent is reduced. Thus, Ben's 30 is an appropriate choice for protecting children as well as adults and it leaves more insect repellent on the skin so that it fights against biting insects longer.

Available in a 37-mL pump

Natrapel

A natural alternative to DEET-based bug repellents. Citronella is Natrapel's active ingredient and aloe is added to the formula to make it ideal for children and people with sensitive skin. Natrapel provides protection from insects for up to two hours.

Available in a 60-mL bottle

After Bite

Stops the itch and pain of insect bites and stings. Clinical tests prove After Bite is the most effective bite treatment on the market today.

Available in a 14-mL vial

Bug Safe Insect Protection

Bug Safe Headnet

100% polyester no-see-um mesh. One size fits all. Protects against mosquitoes, black flies and no-see-ums.

Bug Safe Jacket

Features 100% polyester no-see-um mesh, elastic cuffs and shoulder to shoulder zipper access. Protects against mosquitoes, black flies, no-see-ums and ticks.

Sizes S/M, L and XL

BUGSAFE
INSECT PROTECTION

This biodegradable concentrated all-purpose cleaner is perfect for hiking, camping and travelling.

All-purpose Cleaner

Campsuds is well known and trusted as the finest outdoor cleaning product available. The super concentrated formula requires only a few drops for most outdoor cleaning jobs, but the pH-balanced formula is gentle enough to be used as a bath soap or shampoo. The 100% biodegradable Campsuds is effective in hot, cold, soft or hard water.

Available in 2-oz. (60-mL), 4-oz. (120-mL), 8-oz. (240-mL), 16-oz. (500-mL) standard bottles or in a 4-oz. (120-mL) Nalgene bottle

SealSkinz Gloves and Socks

Gloves

Waterproof protection with wind resistance as well as "gripper dots" for added dexterity. Perfect for bicyclists, kayakers and outdoor enthusiasts.

Available in S, M, L and XL sizes

Chillblocker Gloves

Advanced expedition weight, double velour Polartec fleece lining and an MVT membrane offer warmth and waterproof protection. Gripper dots for added dexterity.

Available in S, M, L and XL sizes

Socks

SealSkinz socks have a patented fabric structure of three highly engineered layers including a membrane capable of allowing perspiration to escape while not allowing water to penetrate.

Available in S (Men's 5–6), M (Men's 7–9), L (Men's 10–11), XL (Men's 12–13)

Over-the-Calf Socks

Feature the same patented fabric structure but with a 15-in. height for severe wet conditions.

Available in S (Men's 5–6), M (Men's 7–9), L (Men's 10–11), XL (Men's 12–13)

WaterBlocker Socks

Sealed cuffs provide the ultimate in waterproof protection. Ideal for outdoor enthusiasts as water is kept out even when fully immersed.

Available in S (Men's 5–6), M (Men's 7–9), L (Men's 10–11), XL (Men's 12–13)

Chillblocker Socks

Polartec fleece lining and an MVT membrane offer warmth and waterproof protection.

Available in S (Men's 5–6), M (Men's 7–9), L (Men's 10–11), XL (Men's 12–13)

Bushnell

Toob Toothbrush

TOOB

The Canadian-made Toob refillable toothbrush is a handy travel and everyday companion. The refillable toothpaste tube is concealed in the brush handle. The bristles are soft and rounded and replacement heads are available (in packages of 2).

Available in assorted colours

Toob

BUSHNELL

TOOB

Witz hard cases are an economical way to protect your sunglasses, digital cameras, GPS systems and other valuables from water and breakage.

Surf Safe

Waterproof, ultra compact protection for small valuables.

Available in assorted colours. 6.35 cm wide x 9.39 cm high x 1.91 cm deep

See It Safe

Waterproof, see-through, ultra-compact protection for small valuables.

Available in assorted colours. 6.35 cm wide x 9.39 cm high x 1.91 cm deep

Keep It Safe

Waterproof and a slightly larger version of the Surf Safe.

Available in assorted solid or transparent colours. Size 6.85 cm wide x 10.92 cm high x 3.30 cm deep

Lens Locker

Strong, crush resistant, waterproof eyewear protection. A soft synthetic felt lining and foam end pads gently cradle the frame and protect the lenses.

Available in assorted colours. 7.62 cm wide x 16 cm high x 4.57 cm deep

Wrapper

Treats your optical investment with care. Specifically designed for today's smaller wrap-around style eyewear. Soft contoured foam endcaps cradle frames, while a synthetic felt liner protects lenses. Crush-resistant and waterproof.

Available in assorted colours. 6.98 cm wide x 16.51 cm high x 7.62 cm deep

GPS Locker

Designed to protect GPS units from impact, dust and water damage. The GPS Locker is lined with synthetic felt and has contoured foam endcaps.

Available in black or yellow. 6.09 cm wide x 17.14 cm high x 3.42 cm deep

Shutter Case

Perfect for small cameras and binoculars. Ultra-soft foam padding gently surrounds the contents to minimize movement. Ultra strong waterproof exterior. Includes an adjustable shoulder strap.

Available in black. 9.21 cm wide x 15.87 cm high x 7.93 cm deep

ID Locker

Protect identification and licenses when travelling abroad or in the wild. Waterproof and impact-resistant.

Available in clear. 10.79 cm wide x 8.25 cm high x 1.90 cm deep

Utility Locker

Waterproof to 50 ft., the utility locker is great for cameras, phones or anything that must stay dry. A positive closing system ensures a tight seal.

Available in yellow and black. 20.32 cm wide x 7.62 cm high x 12.7 cm deep

First Aid Kit

A waterproof first aid kit stuffed with bandages, swabs and a first aid booklet. Some room is left for personal medications.

Available in solid red. 6.86 cm wide x 10.92 cm high x 3.30 cm deep

Phone Locker

Protects cell phones from water and dust. A soft synthetic liner protects the contents.

Available in black, yellow or blue. 5.81 cm wide x 12.44 cm high x 3.30 cm deep

Key Buoy

A floating key chain for protection of keys, cash, matches and small items. Watertight O-ring on screw top.

Available in blue, yellow and red. 11.4 cm high x 3.8 cm diameter.

This whistle is catching the ear of the world. Scientifically tuned air chambers create a penetrating trill. It always responds with unrivalled power. Perfect for water rescue.

Sonik

New from Fox40 – their loudest whistle yet! The 4-chamber 125 dB sound is designed to be heard when participating in outdoor activities with a high background noise such as whitewater canoeing.

Available in assorted colours.

Classic Whistle and Mini Whistle

A patented, three-chambered pea-less design that never fails to make a sharp, penetrating call or signal. Essential for outdoor activities!

Available in assorted colours.

Pearl

The Pearl has a two-chambered design that emits a lower tone than the Fox40 Classic. The Pearl is ideal for situations where the whistle is blown frequently, such as sporting events, and is great for kids.

Available in assorted colours.

Flex Coil Classic Whistle Combo

Both the Classic Whistle and the Flex Coil together in an attractive package.

Available in assorted colours.

Micro with Lanyard

This Fox40 whistle is packaged with a breakaway lanyard. The Micro whistle is true to the Fox40 tradition of innovative design and engineering excellence.

Available in assorted colours.

Flex Coil

Keep the Fox40 ready for instant use with this wrist attachment.

Fox40 Lanyards

Available in assorted colours.

Guardian/Whistle Combo

Combines the lightest, toughest, omni directional light in its class with a Fox 40 pealess whistle. Be seen, be heard!

Boat Safety Kit

One kit that contains all boat safety needs, a Fox40 pealess Classic Whistle, an easy-grip low profile 2-L bailing bucket, a 15-m safety throw line, a water resistant floating flashlight with a non-slip grip and a reflective safety mirrored lid in a compact package.

Since 1975, Princeton Tec has developed lighting products for the outdoor sports enthusiast.

Apex

A 3-Watt maxbright LED headlamp, 4 ultra-bright LEDs and a battery power metre LED. It has 4 light levels and a safety flasher. Waterproof to one metre, this headlamp also has heatsink technology to prevent overheating. Four AA batteries are included. Wide beam and spotlight features.

Weight 279 g with batteries

Yukon

A one-watt LED offers extreme brightness and three 5-mm LEDs offer long burn-time for close-up applications on this headlamp. A quick press of a button switches from one function to the other. Impact resistant. Includes 3 AA batteries.

Weight 240 g with batteries

Quad

Powered by 4 regulated ultrabright LEDs, this headlamp delivers constant brightness on all modes in an ultralight waterproof housing. Includes a wide beam. Requiring 3 AAA alkaline batteries (included), it has a burn time of 150 hours. It will survive severe impacts and water submersions to one metre using lithium AAA batteries.

Weight 96 g with batteries

Attitude

This flashlight offers intense white light with 3 LEDs in a compact package. Includes 4 AAA batteries.

Weight 71 g with batteries

EOS

This headlamp offers a one-watt, side-emitting and focusable LED lighting system. With the Princeton Tec designed Collimator/Lens System, the light beam is maximized by balancing long throw with flood light. Hinged lamp housing allows the user to direct the light and a switch system allows easy changes between three levels of light output and an emergency signal mode. Waterproof to one metre. Includes 3 AAA batteries.

Weight 109 g with batteries

Fuel

This headlamp's LEDs throw out lots of light while giving up to 160 hours of battery life. A simple push button switches the three Ultrabright LEDs to give you four light settings – high, high/flash, medium and low. On the high setting the bright light reaches out over 65 feet. Three AAA alkaline batteries (included) are quickly inserted in the clip lock, water resistant battery housing. With the batteries, the Fuel weighs a mere 80 g!

Rage

A 4-AAA flashlight with a high output Xenon bulb. Waterproof to 100 metres. Four AAA batteries included.

Weight 71 g with batteries

AMP 1.0

This lightweight flashlight has a 3-hour burn time and features a 14 lumens Xenon bulb. Waterproof to 100 metres.

Weight 55 g with batteries

Essential Gear Inc. creates new high-tech survival tools that are based on modern technology and can withstand the most demanding use.

Dynamo 15-LED Lantern and Alarm

The Dynamo 15-LED Lantern and Alarm comes in a pop-up case and has 360 degree illumination and dual mode lighting – 9-LED and 15-LED. Features an emergency siren and a charger for mobile phones. In addition to the standard three ways to power up, this lantern also has a replaceable, rechargeable Ni-Mh battery. Pack-away design functions as self-storage. Cell phone charger adaptor kit included.

Weight 500 g

12-LED Lantern

The 12-LED Lantern is safe for indoor or outdoor use and its LED bulbs never need replacing and are cool to the touch. For recreation or power outages. Adjustable brightness. Takes four D-cell batteries (NOT included).

Weight 580 g

Dynamo 5-LED Light + Radio

The Dynamo 5-LED Light + Radio has dual lighting – 3-LED or 5-LED. It features a red emergency flasher, a magnetic base, glow-in-the-dark handle, on/off switch and an FM radio with channel scan. Rechargeable Ni-Mh battery and cell phone charger adaptor kit included.

Weight 600 g

Dynamo 3-LED Hand Torch

The Dynamo 3-LED Torch has a durable ABS rugged plastic outer case. Soft rubberized handle ensures a comfortable grip. Powered by a 3-phase alternator motor and rechargeable Ni-Mh batteries that never need replacing.

Weight 210 g

LED Keychain Lantern

The LED Keychain Lantern has Constant On and Flashing modes. Carabiner clip attaches to almost anything. Has a burn time of 25-50 hours, depending on the mode used. Two CR2032 batteries are included.

Available in silver. Weight 32 g with batteries / Height 60 mm

EQ2 Hands-free Multi-Light

The EQ2 Multi-Light features a versatile clip mount in addition to its comfortable, lightweight headband. A magnifier lens provides a focused beam and 9 light positions. Two CR2032 batteries are included. Easily clips to the peak of a ball cap, backpack strap, book and more.

Available in silver. Weight 28 g

Guardian Safety Light

Features steady on and flashing modes, it is waterproof to 91 m and works from -40° C to 50° C. It is a wearable LED that can be attached anywhere. Omni-directional light. Has visibility of over 1.6 km from front view and over 0.4 km mile from side view.

Available in white, blue, red, yellow or green. Weight 28 g

K2 Focus Control Headlamp

A K2 LED bulb, which produces 85 lumens of brightness, and 3 night-vision, 5-mm LEDs in red, blue and green. The K2 LED has 3 modes: high, low and flashing. The high mode throws a beam up to 170 feet. A smart switch allows independent control of the K2 and 5-mm LED bulbs. Plus, there is an instant off from any mode. Also includes an integrated rear red LED safety light with constant-on and flashing modes. Focus control spot to flood adjuster is located on base of front unit.

Weight is only 142 g including battery pack

Fire One Lighter

Refillable butane lighters with piezo electric ignition. The Fire One has a windproof, adjustable flame and a built-in fuel gauge.

Available in assorted colours

Windmill Delta Stormproof Lighters

These shockproof, windproof, water resistant lighters feature a high-temp flame and are refillable with premium butane gas. Able to withstand 70-80 mph winds, this lighter's O-ring seals keep water out when the unit is closed. The Piezo ignition system is reliable for over 30,000 ignitions and the lighter has a built-in fuel gauge. The controllable gas flow is ideal for use at varying elevations.

Assorted colours available

Tactical Torch

Luxeon 3-Watt LED flawless white beam. Includes aluminum reflector and is water-resistant. DC-DC regulator circuit maintains stable light output for duration of use. Polycarbonate lens. Tactical switch features momentary or constant-on with safety lockout. Two AA batteries included.

Weight 130.4 g / Length 14 cm

Card Magnifier with LED Light

Illuminates and magnifies small print on maps, newspapers, menus, phone books and more. The LED rotates 360 degrees. Includes 2 button cell batteries and a vinyl slip case.

Dimensions 8.4 x 5.4 x 0.5 cm.

DynoMite LED Keychain

Flashlight features a winding handle for recharging and no batteries are required. Just lift the handle, wind it clockwise for about 2 minutes to charge and you'll be provided with light for up to 10 minutes.

Nite Ize began by manufacturing a line of accessories designed to expand the versatility of flashlights and recently has expanded their product line to include mobile, LED and hardware accessories.

NITE IZE SpokeLit

1-Watt LED Conversion Bulb

1-Watt LED upgrade conversion bulb for an AA Mini Maglite. Super bright flood and focused spot light. Incredible battery life. 50,000-hour Luxeon I LED – save money on batteries and bulbs!

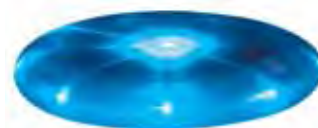

LED Light Wand

The LED Wand is an amazing device that transforms the tiny INOVA microlight (included) into a versatile Signal Light/Spot Beam/Beacon. The wand itself is a translucent plastic compartment with a light-transmitting rod. The microlight has four functions – high power, low power, strobe and signal mode. Batteries included. The wand is water-tight, submersible, visible for one mile and also floats.

Available in blue, green, red or white.

Flashlight Discs

Superior flight characteristics, LED and fibre-optic technology. Soft and comfortable feel, extremely durable. Easy to catch and throw.

Full size 26.67 cm diameter

Available in red, green, blue, disc-o, purple, white, turquoise and frenzy.

Jr. size 20.95 cm diameter

Available in red, green, blue, and disc-o.

Mini size 13.33 cm diameter

Available in red, green, blue, and disc-o.

MeteorLight LED Ball

Perfect for throwing, juggling, catching, rolling and bouncing. The same size as a tennis ball, this light-up LED ball is a blast to play with. Simple to turn on and off by pressing and holding, this ball is water resistant, floats and is made of extra-durable rubber that is easy to grip.

Available in assorted colours.

SpokeLit

LED accessory fits most spoke bicycle wheels. Simply select a location on the wheel and press the SpokeLit onto a spoke. Slide the light towards the rim to secure it and press the button to activate the LED. One press of the button results in a steady glow, while a second button press causes the LED to go into flash mode.

LED Marker Band

Flash or glow illumination in this adjustable size marker band that can fit around an arm. Shock resistant, bright LED light visible over one mile. Reflective when turned off.

Clip-On Marker

Flexible, lightweight design, shock resistant, bright LED light, visible over 1 mile, 150-hour battery life, 100,000-hour LED life. Flash or glow – also reflective. Clip to arm, ankle or pack.

Available in red, green, disc-o.

Pock-its XL

This sturdy utility holster has an expandable front pocket and a strong belt clip. Large enough to hold a Leatherman Tool, pen, small flashlight, tape measure, key, screw driver, utility knife, etc. Clips to a belt, pocket, fanny pack strap or suspenders.

LED Sport Vest

Fashion friendly black mesh design and washable vest. LED illuminated stripes – flexible lightweight and shock resistant. Also has 3M Scotchlite reflective material – 150-hour battery life and 100,000-hour LED life.

Figure 9 Twin Pack

This package includes two strong aluminum Figure 9's and two 6-foot (1.82-m) ropes of 3.5 mm diameter. Pull it tight and keep it tight! Fits rope sizes of 1/16 in. (2 mm) to 3/16 in. (5 mm). Great tie-down system – no knots necessary.

Figure 9 Banner Tarp

Package includes four Figure 9's and four cords (6 ft or 1.82 m). No knots to tie or untie, adjustable tension. Fits rope sizes of 1/16 in. (2 mm) to 3/16 in. (5 mm). Pull it tight and keep it tight! Figure 9's are made of strong aluminum.

Big Figure 9

Has a load limit of 136 kg (300 lb) and eliminates the frustration of tying, adjusting and untying knots. Quickly secures most loads. Available in a black anodized aluminum so that the etched-in instructions can be read easily.

Fits rope sizes 8 mm (5/16 in.) to 16 mm (5/8 in.).

S Biner Double Carabiner

Functional new design for versatile carry biners. Cleaner, simple, practical. Store valuables on one end and clip with the other end. Many uses and more diverse than an ordinary carabiner. Sizes 1 to 5.

Sizes #1 – 3.9 x 1.4 cm, #2 – 5.8 x 2.2 cm, #3 – 6.6 x 2.8 cm, #4 – 8.9 x 3.8 cm, #5 – 11.1 x 4.9 cm

Nite Dawg LED Leashes

These leashes are 5 feet in length with a glowing polymer core (surrounded by strong nylon webbing) extending 18 inches down from the switch (which is just below the hand loop). Flash or steady glow mode at the press of a button.

Nite-Dawg Collars

Bright red LED illuminated dog collar with flexible, light-up polymer core. Strong nylon webbing, quick release buckle, weather resistant push-button power switch and metal D-ring. Flash or glow modes, up to 300 m visibility.

Sizes small 25–33 cm, medium 33–45 cm, large 45–68 cm

Dog Discuit LED Flying Disc

Designed for fun and safety, this disc is made of soft-touch plastic, is mouth friendly and bite durable. With superior flight characteristics, water resistance and the ability to float, this is a great toy for the entire family. The battery cover is dog safe.

Available in red or green.

Brunton's engineering technology is designed to create products that are not only reliable and of the highest quality, but are rugged enough to withstand many years of outdoor use.

Gannett Two Burner Stove

Features a brushed stainless steel lid, two 12,000 BTU burners, low profile, stainless steel construction, and a Piezo push-button ignition. Hook up your one-pound propane bottle for 1.5 hours of constant cooking on high output. Integrated wind shield, precision flame control and removable grate for easy cleaning.

Size 54.6 x 29.84 x 9.53 cm (closed) / Weight 4.54 kg

Raptor Butane Canister Stove

Sturdy platform, Piezo ignition, ultra-wide flame spread and 11,000 BTU output. Includes carrying case.

Size 11.5 x 13 x 8 cm / Folded 4.3 x 3.8 x 6.4 cm / Weight 156 g

Fuel Bottles

These hardened and coated aluminum bottles come in 0.6-L and 1-L sizes. Suitable for any liquid fuel, pressure-tested, leakproof bottle cap with pouring holes for controlled filling.

Vapor AF Stove

The ultimate stove! Not only does it burn butane but every liquid fuel too! With a simple turn of the burner cup, the Vapor AF can adjust for any fuel without replacing jets or fiddling with loose parts.

Weight 460 g

Flex Stove

A compact, lightweight butane stove with sturdy pot supports. Oversized burner head for even heat distribution. Built for the backpacker who travels light!

Weight 97 g

Glorb LED XB 1-Watt Lantern

Puts out more light thanks to a 1-watt LED bulb. A two-position switch lets you choose from normal power or extra-bright while the inverse conical reflector bathes your campsite in bright white light. Takes four AA batteries, 18 hours ultra bright and 50 hours bright burn time.

Size 14.47 x 4.57 cm / Weight 113.4 g without batteries

Helios Stormproof Lighter

This lighter has a high-temperature flame, controllable gas flow, withstands 80 mph winds, is waterproof and is reliable for over 30,000 ignitions.

Size 7 x 5 x 2 cm / Weight 53 g

FireStorm Stormproof Lighter

Brunton's newest butane lighter is also the lightest. Tipping the scales at just 45 g, the waterproof, refillable FireStorm lighter is the perfect pocket companion. Good for at least 30,000 ignitions, the FireStorm can withstand winds up to 80 mph.

Weight is 45.35 g / Size 8.38 x 4.5 cm

Digital Pedometer with Alarm

Step counting function, distance measurement in miles, calorie expenditure, motion sensitive adjustment, count up timer, clock, pullcord-activated panic alarm, backlit read-out, and belt clip are all included in this pedometer. Batteries included.

Step Pedometer

A step counter with an extra large display and readout. Compact and light, this counter features accurate registration that is ideal for both walking and running. Weighs less than 28.4 g. Battery included.

Digital Pedometer

The 1204 measures distance in kilometres or miles and counts your calories while you run or walk. This pedometer adds a count-up timer and filter function for accurate registration.

Pulse Pedometer

The Pulse Pedometer measures pulse rate while counting steps and calories at the same time. This pedometer displays the time and offers a chronograph function for timing your run.

ADC Summit

Atmospheric Data Centre displays current barometric pressure. Features storm, density, altitude, and wind chill alarms. Predicts weather for the coming 12 hours, shows current temperature and wind speeds. Includes a real-time clock, altimeter, race timer and time, day and date display.

ADC Wind

Atmospheric Data Centre displays wind speeds (in km/h, mph, feet/s, m/s or in knots), shows current temperature, wind chill, time, day and date. Includes race timer and real time clock. Manual and automatic data logging.

Nomad V2 Pro

The new Nomad Pro is the ultimate weather centre/digital navigator. This digital dynamo offers weather information like altitude and barometric pressure. Add compass bearings, direction readings and declination adjustable to the mix and you've got a powerful tool no larger than a traditional compass. You'll get up to the minute temperature readings, a time and date display and two daily alarms.

Weight 105 g

Pocket Monocular

A compact, pocket-sized optical, weighing less than 57 g. This scope has 7 power magnification, 18-mm objective diameter, 33-cm near focus and a field of view of 181 feet at 1000 yards.

Dimensions 3.18 x 8.26 cm. Lanyard and nylon case included.

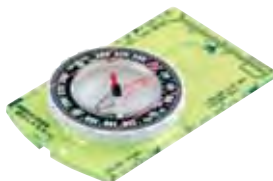

8040G Classic Compass

A mirrored map compass with an easy-reading optic green baseplate. Tool-free declination adjustment and a built-in thermometer make the 8040G a great compass.

8010G Classic Map Compass

A Brunton classic, this compass offers easy map navigation thanks to an optic green baseplate and tool-free declination adjustment. Luminous points and a magnifier are built into the 8010G.

8096 Adventure Racing Compass

A patented circle-over-circle system and the UTM roamer scales take this tool to the next level. This compass includes a latitude, longitude and UTM template for those critical details and is the perfect companion for a GPS.

9020G Classic Compass

Includes an optic green baseplate and tool-free declination adjustment for easy reading and more convenient navigating.

7DNL Nexus Star Compass

A best seller! A great baseplate map compass for any adventure. It includes a declination scale and inch and millimetre scales on the baseplate.

9045 Classic Tag-a-Long Plus Compass

Includes a brass split-ring, thermometer and a wind chill chart on the back in Celsius and Fahrenheit.

9041 Classic Glow-Mate Compass

A basic compass equipped with a brass split ring and luminous base.

70P Boat Compass

Fixed-mount compass will fit flush in the bulkhead of your boat for the long-haul. Direct reading disk. 5 degree graduations. Reciprocal bearing.

Dimensions 10 x 7.6 x 7.6 cm / Weight 235 g

15TDCL Nexus Elite Compass

Probably the most famous compass in the world, this is the original model 15 mirrored map compass. It is declination adjustable, has luminous points and a clinometer.

26DNL Nexus Pioneer Compass

A mirrored sighting compass. Includes a declination scale and measurement scales in inches and millimetres. The 26DNL floats.

26DNL-CL Nexus Avalanche Compass

Built for the extreme, the mirrored avalanche compass is a must for the snowy backcountry. It features an avalanche slope indicator and clinometer, declination scale and handy look-through sighting.

16DLU Compass

A mirrored map compass with a flip-top lid, declination scales and luminous points on a clear baseplate. With inch and mm scales, lanyard and a protective cover with sighting mirror, this 51-g compass is great for the survival kit.

8099 Eclipse Compass

A best selling, all-in-one professional compass that is designed for easy navigation. Features three clinometer systems and a circle over circle alignment system.

58-Kayak Compass

Direct reading disk, ten degree graduations and elastic strap mounts for easy attachment to boat decks.

Kako International has been manufacturing a full range of ice cleat products since 1986.

Ice Trekkers

Durable tungsten carbide spikes provide six point contact on the ball and heel of each shoe for optimum penetration of icy surfaces. The vulcanized rubber sling remains flexible in sub zero temperatures. *For large work shoes, boots and insulated footwear, use the next larger shoe size.*

Ice Trekkers

SNoSHuZ™ SHOE CHAINS

A collection of small but useful products that will help make your camping or day trips enjoyable and safe.

Charlie's Whistle

The emergency whistle that can be clipped or tied to a lifejacket for immediate access.

Available in bright orange

Bear Bells

Easily attach this bell to packs or clothing with the Velcro strap. Let the bears know you are coming!

Accessory Carabiner

Perfect for laser etching. Call for volume pricing!

Available in black, red, green and blue.

Verslinks

Colourfully anodized with a knurled brass closure, the Verslink works as a key ring, zipper pull or secure closure on a pack.

Available in assorted colours.

Accessory Pearabiner

A pear shaped accessory biner available in black, red, blue and green.

Aluminum Tent Pegs

Strong and lightweight tent pegs.

Weight 19 g

Guy Line Adjusters

Lightweight anodized aluminum guy line adjusters for tents, tarps and other tie down applications.

Burner Firestarters

These firestarters come in a package with six individual packets. Simply place one or two sealed packets in the kindling and light the packet for a low, controlled flame. No harmful fumes or odors will result. They will light even when damp, are safe and easy to use and will not self-ignite.

Handwarmers

Remove from package and shake for instant heat. Lasts for up to 8 hours. Two per pack.

Everything you need to get it together, and keep it together on the trail.

Cordloc (A)

Cordloc in an elliptical shape for a less protrusive appearance compared to a barrel-shaped cordloc.

D Rings (B)

Available in 3/4-in. and 1-in. sizes

Spring-Loaded Steel Cambuckle (C)

Great for tie-down straps and load-bearing cinch jobs. Rust-proof non-slip buckle. 500-lb rating.

Cambuckle (D)

Provides a fast and secure way to fasten webbing.

Available in 1-in. size

Ladderloc (E)

Allows easy one-handed tightening or releasing of webbing.

Available in 3/4-in. and 1-in. sizes

Double Ladderloc Side Release (F)

Available in 3/4-in., 1-in., 1 1/2-in., and 2-in. sizes

Side Release (G)

For secure connection and instant release of webbing.

Available in 5/8-in., 1 1/2-in. and 2-in. sizes

Quik Attach Side Release (H)

A simple means of performing repairs on any pack or bag without cutting the webbing seam. The Quik Attach can easily be used to add new attachments to outdoor gear.

Available in 1-in. size

Tri Glide Slider (I)

Available in 3/4-in., 1-in., 1 1/2-in. and 2-in. sizes

Cord Hooks (J)

Attaches to any size cord up to 3/16-in.

Stretch Cord

Stretch cords are ideal for a multitude of uses from tent pole repair to kayak lashings.

Available in 3/32-in., 1/8-in., and 3/16-in. sizes

1-inch Tubular Nylon Webbing

Quality webbing available in red, black, blue, purple and orange in 91-metre spools. Tensile strength 1818 kg

Nylon Webbing

Quality black webbing sold in 50-yard rolls for repair or alteration of equipment.

Available in black in 3/4-in., 1-in., 1 1/2-in. and 2-in. sizes

Time for a siesta? Relax in a Byer of Maine hammock.

Barbados

Perfect for one, cozy for two. The Barbados is made from carefully chosen raw cotton. Comes complete with a matching cotton storage bag.

Flat dimensions 58 x 89 in. / Weight 5 lbs / Weight limit 330 lbs

Moskito Traveller Hammock

Building on the great success of the Traveller Hammock, the Moskito Traveller offers a fine mesh cocoon of mosquito protection in addition to the nylon hammock.

Flat dimensions 54 x 84 in. / Weight 16 oz. / Weight limit 250 lbs

Smartrope

A clever accessory that quickly allows any tree or post to support a hammock. The unique slide provides for up to 6 feet of adjustment.

Traveller Hammock

Made of extremely strong and durable parachute nylon, the Traveller is nearly as large as a queen size bed, yet weighs only 11 ounces and fits into a bag measuring 8 by 4 inches. Perfect for hiking or when packing space is tight.

Flat dimensions 54 x 84 in. / Weight limit 250 lbs

Samba

Handcrafted in Brazil with all cotton material. This hammock will stretch and conform to your body. Perfect for someone who is taller or just wants the luxury of a deluxe size hammock. Just right for two to cozy up for a nap.

Flat dimensions 63 x 90 in. / Weight limit 400 lbs

Micro Rope

Can be used to hang a hammock from any tree, porch rail or other sturdy point. Easy to install and each provides 5 ft. of adjustment. Slide made of aircraft aluminum. Two per pkg.

Orikaso has reduced its environmental footprint by designing a reusable packaging sleeve, having all its production under one roof and recycling all the waste from manufacturing the products.

After Dinner Set

Polypropylene set includes 2 mugs, 2 plates, 2 big bowls and 2 espresso cups. The bottom of the plates are marked for playing checkers, chess and backgammon. Enjoy an after dinner snack and some games! Playing pieces included.

Dinner Set

Polypropylene dinner set for two – 2 mugs, 2 big bowls, 2 plates.

Picnic Set

A compact beauty! Each set contains six mugs, six bowls and six plates – all in a handy carrying pack.

Available in blue. Size 25.4 x 5 x 30.5 cm. Weight just over 910 g.

Colander/Strainer and Chopping Board Set

Contains a colander and two chopping boards. The colander assembles in seconds and the two chopping boards (no assembly required) enable you to prepare food for cooking; the central crease makes it easier for you to pour food into the pan. Pasta in the outdoors made easy!

Solo Set

Polypropylene fold flat set for one – 1 mug, 1 big bowl, 1 plate.

Available in assorted colours.

Fold Flat Bowl, XL Bowl, Plate and Mug

Superlight, ultra compact, easy-clean, non-stick material, unbreakable and dishwasher safe. The mug has measurement markings on the side.

Bowl weight 32 g / Capacity 550 mL

XL Bowl weight 44 g / Capacity 700 mL

Mug weight 53 g / Capacity 400 mL

Plate weight 46 g / Size 220 mm across

Available in assorted colours.

Orikaso uses polypropylene (a material recommended by Greenpeace as an alternative to PVC).

ORIKASO

ORIKASO

By focusing research and design energies, GSI has become the leading edge developer of unique and specialized cookware products for the outdoors.

Soloist

Compact cook system for the backcountry! Utilizes innovative design to maximize performance and minimize weight. Includes a 1.1-L pot, strainer/sip-it lid, mug/bowl, Tele-foon, bag and sink.

Weight 269.5 g

Bugaboo Cookset LG

Bugaboo cookware's dependable, non-stick coating, even-heating surface and light weight epitomize value and versatility. Set contains 2.36-L pot, 3.78-L pot, 2 dual-use fry pan/lids, 2 Cutting Boards, 1 Diamond-Back™ Gripper and a mesh bag.

Weight 1190 g

Dualist

This self-contained system provides two backpackers with lightweight essentials for dining outdoors. Includes a 1.8-L pot, strainer/sip-it lid, 2 mugs/bowls, 2 Tele-foons, bag and sink.

Weight 530.25 g

Glacier Stainless Cookset SM

Includes 1-quart and 1 1/2-quart pots with fry pan lids, two cutting boards, Diamond-Back gripper and a mesh storage bag.

Glacier Stainless Cookset MD

Includes 1 1/2-quart and 2 1/2-quart pots with fry pan lids, two cutting boards, Diamond-Back gripper and a mesh storage bag.

Glacier Stainless Cookset LG

Includes 2 1/2-quart and 4-quart pots with fry pan lids, two cutting boards, Diamond-Back gripper and a mesh storage bag.

Bugaboo Frypans

Bugaboo cookware's dependable, non-stick coating, even-heating surface and light weight epitomize value and versatility. Spiral-turned base grips stoves and grills securely.

Available in 8 and 10-inch sizes

Coffee Percolators

Quality crafted percolators made of 18/8 stainless steel with a permawood handle.

Available in 3, 6, 9 and 12-cup sizes

JavaPress

A great way to brew coffee. Just add boiling water to medium-ground coffee and press down the plunger for a fabulous tasty cup of coffee.

Available in 10-fl.oz. and 33-fl.oz. sizes

Stainless Steel JavaPress

Steep great coffee and tea. The double-wall thermal design keeps the water hot.

Holds 1 litre

H₂O Coffee Filter

The H₂O coffee filter is a water bottle coffee/tea maker. Fits most standard wide mouth water bottles and keeps grounds separate for easy cleanup. Make coffee with the infuser or the "cowboy" method.

Weight 52 g

Javagrind

It is easy to have fresh coffee in the backcountry. Just fill the grinder with beans, close the lid and grind away. The Javagrind features a knock-down handle and adjustable ceramic grinder.

Weighs only 198 g

Mini Espresso Maker

Fill the basket with ground coffee, add water and place on the stove. Brews in seconds! Crafted of rugged lightweight aluminum. Enamel cup included.

Available in 1-cup or 4-cup sizes

Fairshare Mugs

Make sure to get your fair share of coffee or chow around the next campfire! These lightweight, virtually indestructible 32-fl.oz. mugs feature a sure sealing threaded lid for packing or insulation and are oversized for easy cleaning. Use as a mug or a bowl!

Available in red, blue and green

Cascadian 1 Person Table Set

Includes a blue plate, cup and bowl made of durable polypropylene. An eggshell knife, fork and spoon are included in a 3-pc. ring set. Lightweight and easy to pack – all in a convenient mesh bag.

Plate, Cup, Mug and Bowl

Crafted in polycarbonate, this light durable plastic is ideal for outdoor dining.

Salt and Pepper Shaker

A resilient "top and bottom" style shaker.

Peppermill

Add fresh pepper to trail meals. An adjustable stainless steel mechanism grinds pepper perfectly every time. Virtually indestructible construction molded into an easy-filling, compact design. Ideal for camp or kitchen.

Size 38 mm wide x 70 mm tall

Stainless Steel Flasks

Double walled flasks are equipped with captive tops and fit perfectly in a pack pocket.

Available in 6-fl.oz. leather wrapped, 7-fl.oz. and 9-fl.oz. sizes. A funnel is included.

N-Case

These watertight body cases keep your small valuables safe and dry. The N-Case 840 can carry an iPod, cell phone, money, credit card, keys or a USB memory stick. The 420 can hold a credit card, money, key, iPod or USB memory stick. Both include a lanyard and elastic tether to hold the case in place.

Available in assorted colours. Sizes 420 (63 g) and 840 (77 g)

Waterproof Boxes

These nearly indestructible waterproof utility boxes are made of clear polycarbonate so the contents can be easily located.

Available in X-small (6.625 x 4 x 2 in.), Small (6.5 x 5.14 x 3.25 in.), Medium (7.75 x 6.5 x 3.61 in.) Large (9.34 x 7.88 x 4 in.) and X-large (11 x 9 x 5.5 in.). X-small available in assorted colours.

Hard Anodized Wok

A lightweight design with even heat distribution and a traditional Wok profile. The hard anodized extreme triple coat non-stick coating makes for healthier, low-fat cooking in less time. A secure locking, folding handle tucks away for easy packing and remains cool for ease of use. Includes a lid and two sets of chopsticks.

Dimensions 9.4 x 2.5 in. / Weight 615 g

Halulite Tea Kettle

Durable, lightweight and space-efficient. The superior heat conductivity of hard anodized alloy provides exceptional efficiency.

Weight 179 g / Volume 1 L

Vortex Blender

The powerful Vortex loves to party! Try refreshing daiquiris, piña coladas and margaritas. The exclusive stainless steel blade design chops ice to an ultra fine consistency! The 1.5-L pitcher and shot cap are made of tough polycarbonate. A powerful two-speed gear system crushes ice or works as a food processor.

Wine Glass

Unscrews at the midpoint of the glass so that the base can be compactly snapped into the bowl for packing and storage.

Available in singles or a set of two in a mesh carry bag. Holds 10 fl. oz.

Wine Goblet

High quality 18/8 stainless steel goblets. Extremely rugged, durable and easy-cleaning. The polished finish will not rust.

Holds 6 oz.

Bottle Cup

This 18-fl.oz. Bottle Cup is designed to fit a 32-oz. Nalgene water bottle. This cup also has extendible folding handles that are long enough to hold over a fire and are hinged to fold around the cup surface for compact packing.

Telescoping Spatula

Made of high-temp Nylon 66. The unique telescoping design compacts the tool to half its size.

Size 166 x 80 x 13 mm / Weight 28.4 g

Telescoping Spoon

Size 166 x 72 x 33 mm / Weight 36.9 g

Micro Table

A portable lightweight platform for the outdoors that has four shock-corded collapsible legs that make a steady base on any terrain.

Size 397 x 63 x 82 mm / Weight 680 g

Piranha Foon

Functions well as both a fork and a spoon! The Foon is the ideal combination of both utensils in a compact package. Constructed of virtually unbreakable polycarbonate resin. A quick-clip handle keeps the Foon handy at chow time.

Weight 14 g

Cutlery

Knife, fork, tablespoon and teaspoon. Lightweight and durable utensils for the outdoor kitchen.

4-Person Cutlery Set

Contains 4 cutlery place settings (forks, knives, tablespoons and teaspoons). Virtually unbreakable, the 16 utensils store tidily in their own nylon organizer/tote.

Size 203 x 203 mm / Weight 193 g

Tekk 3-Piece Cutlery Set

Tekk features a serrated knife, oversized soup spoon and a sharp fork, all held together with a loop connector ring. A textured finish for positive grip.

Available in cool glacier ice blue

Stainless 3-Piece Cutlery Set

Each piece is made of high-grade 18/8 stainless steel and built to last for years to come.

Dutch Ovens

Versatile ovens for stewing, boiling, steaming and baking. The aluminum Dutch Ovens will not rust, are easy to clean and are 1/3 the weight of traditional cast iron Dutch ovens. Can be used over campfire coals or a camp stove. Wire racks are available.

Available in 10-in. and 12-in. sizes

Radiant Toaster

Hand-held radiant steel toaster with folding handle. A fine steel mesh distributes heat while securing toast and reducing overall weight.

Weight only 165 g

Compact Pot Scraper

Lightweight, dual-sided pot scraper with a soft rubber blade.

Ultralight Cutting Board

2 mm thick, polyethylene cutting and food prep surface offers great stability and lasting durability. Easy to clean; compact to store.

Size 24 x 15.2 cm

Gourmet Backpack Kitchen Set

Includes a salt and pepper shaker, a spoon and spatula that shrink down for compact storage and are safe to use on non-stick cookware, a stainless grater and a whisk. A scrubby sponge and camp towel are included for quick and easy cleanup.

Kitchen 11

Attractive outer case made of closed cell foam keeps everything organized.

Includes stainless whisk, stainless grater, telescoping spatula, telescoping spoon, salt and pepper shaker, scrubby sponge, camp towel, cutting board and 2 squeeze bottles in an EVA case.

Brushed Stainless Steel Vacuum Bottles

Vacuum Bottles

Compact, easily packed stainless steel Vacuum Bottles. 18/8 brushed stainless steel with superior heat retention.

Available in 1/2-L, 3/4-L and 1-L sizes. 1/2-L size available in red or blue.

Trail Blazer

Trail Blazer is a Canadian based manufacturer of hatchets, saws and more, that meet any challenge, from the needs of the outdoor enthusiast to odd jobs around the home and cottage.

Take Down Buck Saw

Trail Blazer has designed a lightweight collapsible Buck Saw with a Swedish steel blade capable of cutting through 15-inch logs. The Trail Blazer collapses into a compact tube that measures only 3.55 x 48.50 cm for easy packing. A lifetime warranty backs all Trail Blazer collapsible saws. Replacement blades available.

Weight 535 g

Sawpreme

A compact and lightweight folding saw. Designed with a stainless steel push button that locks the blade open or closed. The handle is manufactured with glass-filled nylon for durability. Replacement blades available.

Size 5 x 20.32 cm / Weight 127.58 g

Hatchets

Small enough to carry efficiently in a pack, but long enough for optimal performance. High carbon stainless steel blade, reinforced glass fibred nylon handle, with belt sheath included. Ergonomic grip and curvature of the blade provide superb balance and optimal striking power.

Ergo – Overall length 33 cm / Weight 490.46 g

Mini – Overall length 20.32 cm / Weight 386 g

Sawvivor Saw

Saw through logs up to 12 cm in diameter in seconds! This compact saw features an anodized aluminum frame and stainless steel parts throughout. Weighing only 268 g, it folds down to 7.62 x 38.2 cm and allows for multiple blades to be stored securely in the frame for easy carrying in a pack. Replacement blades available.

Outback Oven converts a camp stove into a full-featured oven while at the same time reducing fuel consumption!

Outback Oven Ultralight

The best bet for a weight-conscious traveller. Includes an 8-inch Pot Parka, a Riser Bar, a Scorch Buster, a reflector collar, a thermometer and a backcountry baking booklet in a mesh bag. The Ultralight works with most 2-litre cooksets.

Weight 271 g

Outback Oven

Imagine cakes, breads, pies and even pizza at camp! A reflector collar reflects heat into an aluminized fabric convection dome which concentrates heat for baking. Includes a riser bar, 10-inch Pot Parka, Scorch Buster and a backcountry baking booklet in a mesh bag.

Weight 737 g

Grilliput

Grilliput can be reduced to a handy size for transporting and will ensure a really great barbecue.

FireBowl

Build a fire without leaving a fire scar! The perfect accessory for the "leave no trace camper". The collapsible FireBowl is made of tough stainless steel for years of use.

Diameter 27.94 cm / Height 7.62 cm / Weight 270 g / Collapsed diameter 16.51 cm / Height 7.62 cm

Grilliput

A portable grill made of rugged stainless steel. Collapses to an ultra small size to fit easily into any daypack or pocket.

Collapsed length 29 cm / Diameter 2.2 cm / Weight 560 g / Open area 23 cm x 26 cm

grilliput
two forms.

OUTBACK OVEN

GRILLIPUT

As outdoor enthusiasts, Backpacker's Pantry understand the need to pack light and eat well. They are dedicated to creating dishes that satisfy not only your palate but your nutritional needs as well.

Scrambled Eggs A very tasty powdered egg mix.
